Taylor-Dunn Offers a New Way to Move People, Equipment and Materials New G-100 gasoline powered utility vehicle hits the market today

MINNEAPOLIS, Minn. (May 25, 2017) – Taylor-Dunn® is expanding its utility vehicle offerings introducing

the new G-100. This UTV is packed with the durability, comfort and safety features needed to get the job done.

When it comes to moving people and equipment, Taylor-Dunn is known for providing unique solutions with optimal performance. The new G-100 utility vehicle brings plenty of power and performance for every outdoor work task.

Durability

The G-100 UTV boasts a proven liquid-cooled, Electronic Fuel Injected 32 horsepower gasoline motor, with plenty of power and torque for hauling and towing goods. Also standard on the G-100 is a locking differential, MacPherson Strut front suspension with 9-inches of travel and dual a-arm independent rear suspension with 10-inches of travel. Taylor-Dunn backs the new vehicle with a 2-year factory warranty.

Safety

This new machine puts safety first with a standard Roll Over Protection System (ROPS) cage, 3-point safety belts for both driver and rider and a factory-installed polyurethane roof and windshield. Four-wheel hydraulic disk brakes allow for quick stopping power when needed. Optional accessories such as beacon lights and reverse warning alarm will increase visibility.

Productivity

The G-100 has a 1,000 lb payload and 1,500 lb towing capacity, and an 8.8 gallon fuel tank which limits the need for fuel stops. This new utility vehicle has multiple accessory options, allowing you to customize the vehicle to meet the demands of any job.

“We’re excited about the options this new vehicle brings to our customers,” says Tim Everett, vice-president, sales and marketing for Taylor-Dunn. The G-100 is the perfect landscaping vehicle for schools and universities, parks and recreation, cemeteries and farming applications, just to name a few.

The new G-100 is available at select Taylor-Dunn dealers beginning May 25, 2017. Check out all of the specs at Taylor-Dunn.com.

About Taylor-Dunn

Founded in 1949, Taylor-Dunn, a Polaris Industries Inc. subsidiary, is a leading manufacturer of commercial and industrial vehicles. For over sixty-five years, Taylor-Dunn’s burden carriers, personnel carriers, stockchasers, electric carts, and tow tractors have been the dominant solution for customers in a broad range of industrial, commercial, and ground-support markets. Taylor-Dunn’s guiding principle is to provide application-specific solutions that are tough, rugged, and dependable. Find more info at www.taylor-dunn.com
