

# CELEBRATING 70 YEARS

In 1949, co-founder R.D. Taylor designed his first electric-powered cart to drive new efficiencies into his small poultry supply business. As it turned out, he had discovered a new class of vehicles that would revolutionize material movement and transportation across industries.

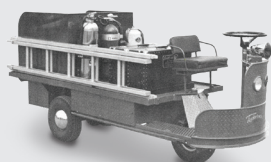

Now, Taylor-Dunn offers one of the largest portfolios of versatile commercial vehicles in the world, featuring 70 different models. Each model can be customized to fit every application.

## TIMELESS DEPENDABILITY – THE EVOLUTION OF TAYLOR-DUNN

**1955**  
Taylor-Dunn introduces the brand new TaylorCar "PG" to the market. In addition to speeding up a round of golf, this comfortable, electric golf cart also simplified neighborhood shopping trips.

**1958**  
The B3 TaylorTruck delivers increased efficiency and reliable dependability to new material movement applications on the farm, the ranch and everywhere in between.

**1970**  
The E-450 stand-up tow tractor reimagines vehicle maneuverability for safer operation in narrow aisle towing applications, such as the warehouse or manufacturing facility.

**2003**  
Taylor-Dunn's line of towing vehicles expands again to include Tiger Tractor, offering customers industry-leading dependability for jobs that include a heavy haul.

**2014**  
Taylor-Dunn launches the 44-inch wide, ergonomic Bigfoot burden carriers to increase comfort, while improving power and longevity on the worksite.

**2017**  
Taylor-Dunn co-develops its first vehicle with Polaris, the G-100, leveraging Polaris' engineering expertise to deliver a rugged, dependable off-road utility vehicle.

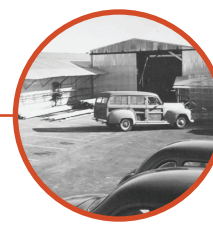

## A HERITAGE OF INNOVATION

**1990**  
**Custom-Built Vehicles:**  
Arthur Goodwin purchases Taylor-Dunn and introduces the "just-in-time" method to build vehicles perfectly matched to each customer's unique specifications.

**1985**  
**New Commercial Solutions:**  
Taylor-Dunn leaves the golf cart industry to focus on commercial markets including manufacturing, universities, airports and more.

**1949**  
**Taylor Hatches an Idea:**  
R.D. Taylor builds the first ever small electric-powered cart for his poultry supply business.

**1989-1998**  
*Family Matters*

**1979-1985**  
*Dukes of Hazard*

**1951**  
**Taylor-Dunn is Born:**  
Fred Dunn, Taylor's son-in-law, joins the business and the company begins selling carts to ranchers and nurseries.

**1997**  
*Austin Powers: The International Man of Mystery*

**2003**  
**Expanded Portfolio:**  
Taylor-Dunn acquires Tiger Tractor and United Tractor to add more tow tractor models designed to excel in new applications.

**2001**  
*Crocodile Dundee in Los Angeles*

**2016**  
**Polaris Acquisition:**  
Polaris purchases Taylor-Dunn to complete its comprehensive portfolio of commercial and industrial vehicles including Ranger, GEM, PRO XD and others.

**2018**  
**Recognizing Excellence:**  
Polaris Commercial introduces the Electric Vehicle Center of Excellence in Anaheim, Calif., to showcase the 70-year evolution of Taylor-Dunn vehicles.

**2018**  
*NFL Football*

**2019**  
**New Ideas in HMM Efficiency:**  
Taylor-Dunn and Jtec industrial carts reimagine warehouse and manufacturing operations, driving efficiency gains across the production line.

**2019**  
*Stranger Things*

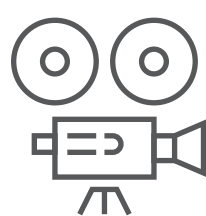

**2019**  
*Once Upon a Time in Hollywood*

**280 Dealers**

### Taylor-Dunn Across the Globe

R.D. Taylor started by building a few electric-powered carts for friends and neighbors. Since then, Taylor-Dunn has built a global distribution network with more than 280 dealers worldwide serving over 100 countries. From Atlanta to Australia, our dealers help spread the word about Taylor-Dunn's industry-leading safety, efficiency and productivity.
