Warning: Polaris PRO XD vehicles can be hazardous to operate and are not intended for on-road use. All riders should always wear head protection – such as hard hats or a helmet – that is appropriate for operating conditions and intended usage, considering factors such as intended speed, unevenness of terrain, turns in path, weather, obstacles, and other traffic. Always use seat belts and close doors (as equipped). Never engage in stunt driving, and avoid excessive speeds and sharp turns. Riding and alcohol/drugs don't mix. All riders should take a safety training course. Call 800-342-3764 for additional information. PRO XD performance and safety claims based on testing of Polaris® *RANGER*® all-terrain utility vehicle against comparable competitor vehicles. Part#9948030

POLARIS PRO XD™

ALL-NEW COMMERCIAL WORK VEHICLE
BUILT TO TACKLE ANY JOBSITE

WHY PRO XD IS DIFFERENT

Inspired by the needs of industry professionals, the Polaris PRO XD is a utility vehicle built to withstand the tough duty cycles and usage the worksite requires. Focused on key industry needs, Polaris delivers a work vehicle specifically designed to maximize durability, serviceability and safety.

INDUSTRY-LEADING DURABILITY

The PRO XD was engineered with longevity in mind. Featuring a redesigned one-piece ROPS chassis, heavy-duty components and industry-leading towing and payload, it is equipped to handle any job environment.

SIMPLE SERVICEABILITY

The Polaris PRO XD was designed to optimize vehicle lifespan and uptime. Up to 200-hour maintenance intervals and improved vehicle fault alarms keep the PRO XD out of the shop and out on the jobsite.

SUPERIOR SAFETY FEATURES

Commercial work and jobsite environments require vigorous safety requirements. PRO XD is equipped to meet and exceed those standards to prioritize safety no matter the task.

THE NEW WORK UTV STANDARD

The PRO XD™ provides industry-leading durability, serviceability and safety to deliver a utility vehicle built to withstand the toughest work environments, and ultimately, provide customers with increased durability, lower maintenance costs and improved safety features.

DURABILITY

- Heavy-duty driveline components resist corrosive conditions
- Heavy-duty suspension for industry-leading towing and payload
- Available in Polaris ProStar gas & Kubota® industrial tier 4 diesel engines
- Heavy-duty seat material resists punctures and tears
- Heavy-duty clutch improves belt life
- Hard surface jobsite tire for puncture and wear resistance

SERVICEABILITY

- Up to 200 hour maintenance intervals
- Side access to air filter and dipstick for daily service checks
- 4 same size tires, non-directional for easy replacement
- Front air intake for cleaner air ingestion
- Digital display with alarms to notify user of critical faults
- Common key sets for easy vehicle fleet management

SAFETY FEATURES

- Adjustable speed-limiting options for jobsite compliance
- Orange seat belts and decals for high visibility
- Wider foot wells for easier ingress/egress
- Optional beacon light
- Standard safety features include:
 - Backup alarm
 - Mechanical parking brake*
 - Horn
 - Start in park with foot on brake

* Diesel models only

DESIGNED FOR ANY JOBSITE

The PRO XD™ offers two work packages equipped with customized features that take the guesswork out of setting up your fleet. Select the right package based on your organization's needs and requirements, while prioritizing safety in any job environment.

WORK PACKAGE

The Work Package is designed for jobsite compliance that requires additional safety and protection features, including windshields, roofs and beacon lights. An air filter gauge helps users determine the condition of the air filter to ensure proper air flow to the engine for consistent performance.

AVAILABLE ACCESSORIES

- Poly Roof
- Poly Windshield
- Strobe Light
- Air Filter Restriction Gauge
- Wide Angle Rearview Mirror

WORK PACKAGE WITH CAB SYSTEM

The Work Package with Cab System is designed for jobsites that require full cabs to protect employees from harmful air particles and inclement weather. The PRO XD cab has industry-leading dust prevention through integrated 360-degree seals on every component, crank windows to improve cab air flow, and is easy to install or remove as desired.

AVAILABLE ACCESSORIES

- Poly Roof
- Glass Windshield with Wiper Kit
- Wide Angle Rearview Mirror
- Air Filter Restriction Gauge
- Rear Panel
- Strobe Light
- Hard Poly Doors with Crank Windows
- Diesel Block Heater*
- Heat and Defrost Kit

* Diesel models only
