THE SMARTER WAY TO MOVE™
EXPERIENCE THE POLARIS® GEM®

GEMcar.com | 866-778-3724
When it comes to moving people and cargo with ease and efficiency, the vehicle you choose matters. Make the smart choice with the electric GEM® Polaris®-engineered for a premium ride and long-lasting durability, the GEM® has more built-in comfort and street-legal safety features than a golf cart, and it’s more maneuverable, cost-efficient and sustainable than a van or truck. It offers a more spacious interior with the same compact footprint and quiet, electric power for low-cost, low-maintenance operation.

Now with more versatile options, GEM® can be customized to your needs—so you can drive, shuttle, haul and work with confidence you’ve chosen a vehicle built for what you do. Drive one today and discover why GEM® is the smarter way to move.”
BECAUSE THE RIDE MATTERS

GEM® PASSENGER VEHICLES
Transport people around campuses, facilities or neighborhoods in distinctive comfort. The GEM®'s spacious interior, intuitive ergonomics and open-air design make getting in and out easy. All forward-facing seats and quiet operation increase safety and promote connectivity and conversation among passengers.

PERFECT FOR:
TRANSPORTATION
SHUTTLING
SECURITY & PATROL
ENGINEERED FOR COMFORT

- Aluminum frame provides a more spacious interior within the same compact footprint
- Adjustable seats fit passengers of all sizes—including people as tall as 6’8”
- With almost 6” of travel, GEM®’s suspension delivers a smooth, stable ride.
- Optional power steering makes maneuvering even easier

SUSTAINABLE AND SMART

- A rugged vehicle with quiet, zero-emission electric power and low operating costs
- Versatile battery and charger options fit diverse range requirements
- Plugs into any standard 110-volt outlet

POLARIS®-BUILT FOR SAFETY

- Street-legal on roads up to 35 mph in most states
- Features 3-pt safety belts, street tires, glass windshield, LED brake and turn signals
- Occupant protection system meets SAE roof crush test specifications
- Integrated hard doors add security and weather protection

The e2 offers the smallest footprint and most agile performance, including a tight turning radius for limited spaces. Drive it indoors or outdoors with ease.

Compact and maneuverable, the versatile e4 carries four people in spacious comfort—with 43 inches of leg room for an exceptional ride.

The roomy e6® shuttles up to six people with enhanced suspension for the smoothest possible ride.

GEMcar.com | 866-778-3724
BECAUSE A BIG PAYLOAD SHOULD LEAVE A SMALL FOOTPRINT

GEM® UTILITY VEHICLES

With 1,400 lbs of payload, count on GEM® to get the job done efficiently, economically and sustainably—with zero emissions and lower operating costs than a gas-powered van or truck. Choose from hundreds of options and accessories to create the customized vehicle you need to maximize productivity, indoors or out.

PERFECT FOR:

- Hauling
- Maintenance
- Specialized Utility
With its sturdy build, generous ground clearance and over 1,400 lb payload, the GEM® eL XD is your workhorse. Pick carrier and bed options to fit your unique job demands.

eL XD

A rugged design and street-legal safety features make the eM® 1400 LSV a versatile vehicle that can get the job done—on roads or off.

eM® 1400 LSV

With class-leading payload and cargo capacity, the versatile GEM® eM® 1400 is built to tackle all of your jobs. Perfect for hauling cargo across your property, warehouse or job site.

eM® 1400

**ENHANCING PRODUCTIVITY**

- Smart design and durable Polaris® construction—built for frequent stops with fast, easy entry and exit
- Ample payload allows you to make fewer trips when hauling goods
- Long-range battery options take you through the workday without recharging

**COST-EFFICIENT OPERATION**

- Lower operating costs than an automobile—just $.03 per mile
- Electric power eliminates fluctuating fuel costs for easier budgeting
- Eliminate oil changes and costly regular maintenance

**CUSTOMIZED TO YOUR JOB**

- Add the exact accessories you need to maximize your work efficiency
- GEM® eL XD fold out ramp and truck bed options make it easier to load heavy cargo
- Lock & Ride® and Lock & Work™ technologies let you attach accessories in minutes

</tr>
</tbody>
</table>

SMART POWER TO MOVE YOU

WHY LITHIUM ION?

- **MAXIMUM RANGE**
- **2-3X BATTERY LIFE** — You may never need to replace the battery on your GEM!
- **LIGHTER WEIGHT**
- **BETTER ACCELERATION**
- **EASY CHARGING:**
  - Opportunity charging
  - Improved cold weather operation
  - More flexible charge duration

PLUS

NO REGULAR MAINTENANCE REQUIRED!

FAST CHARGE OPTIONS

Be more productive with these fast, flexible charging options. Both chargers are compatible with standard, maintenance-free or Li-Ion batteries and allow you to charge your GEM® almost anywhere, including public charge stations.

---

Polaris LSVs comply with the NHTSA Low Speed Vehicles rules and regulations and can be operated on many streets with posted speed limits of 35 mph or less. Check local laws regarding street use and vehicle equipment requirements. Drivers must be at least 16 years old with a valid driver’s license. Driver and passengers should always wear seat belts. Where appropriate for work and riding conditions, helmets and eye protection should also be worn. Never engage in stunt driving, and avoid excessive speeds and sharp turns. Never drink and drive. Range on all Polaris electric vehicles will vary depending on temperature, grade, payload, and driving style. All pricing, specifications, claims, and information contained in this brochure are based on information available at the time of publication. Polaris assumes no responsibility for inaccuracies, opinions, or omissions in those publications.
