

WE'RE PROUD TO BE AMERICA'S FIRST MOTORCYCLE COMPANY

In 1901, two fearless pioneering innovators—George M. Hendee and Oscar Hedstrom—founded America's first motorcycle company: Indian Motorcycle. They started Indian Motorcycle by taking a risk and going all-in on something entirely new and unheard of to most Americans—the motorcycle. Their passion lives today at the core of our brand with a simple yet powerful vision:

MAKE THE FIRST MOVE

INDIAN CHALLENGER

With modern, state-of-the-art technology and bold design, Indian Challenger redefines performance in an American V-twin. The PowerPlus liquid-cooled V-twin engine dominates with a class-leading 122 horsepower and 128 ft-lbs of torque. A striking combination of American muscle, premium components and long-haul comfort deliver a truly unmatched riding experience.

All Indian Challenger models feature a host of ride-enhancing amenities like full LED lighting, keyless ignition, locking hard saddlebags, three distinct ride modes, cruise control and USB charging for effortlessly crushing miles. Indian Challenger lets riders experience firsthand what quality craftsmanship feels like in a thoroughly modern motorcycle whose class-leading performance makes no compromises on style or comfort.
