

WE'RE PROUD TO BE AMERICA'S FIRST MOTORCYCLE COMPANY

In 1901, two fearless pioneering innovators—George M. Hendee and Oscar Hedstrom—founded America's first motorcycle company: Indian Motorcycle. They started Indian Motorcycle by taking a risk and going all-in on something entirely new and unheard of to most Americans—the motorcycle. Their passion lives today at the core of our brand with a simple yet powerful vision:

MAKE THE FIRST MOVE

INDIAN ROADMASTER

No matter how many miles you ride, Roadmaster gets you there in style and comfort. Designed for riders who appreciate a finely-crafted, powerful and well-balanced touring bike. It's fully loaded from the factory with all the storage, amenities and passenger comfort you'll need. Roadmaster provides a classic American air-cooled V-twin riding experience. The Thunderstroke 116 engine is incredibly smooth, delivering massive low-end torque for instant acceleration even when fully loaded. 6-speed gearbox and three distinct ride modes further tailor the power exactly to your needs.

Roadmaster comes loaded with all the modern touring amenities you'll want to enhance every ride, like cast aluminum frame, low seat height and ergonomically-designed controls that provide confident handling mile after mile. 7-inch touchscreen powered by RIDE COMMAND with navigation, live traffic and weather overlays, and Apple CarPlay® integration puts control at your fingertips. Roadmaster lets riders experience firsthand what quality craftsmanship feels like in a bike that's ready to go as far as the road takes you
