

WE'RE PROUD TO BE AMERICA'S FIRST MOTORCYCLE COMPANY

In 1901, two fearless pioneering innovators – George M. Hendee and Oscar Hedstrom – founded America's first motorcycle company: Indian Motorcycle. They started by taking a risk and going all-in on something entirely new and unheard of to Americans – the motorcycle. Their passion and fearlessness live on today at the core of our brand and our vision:

MAKE THE FIRST MOVE

INDIAN CHALLENGER

With modern, state-of-the-art technology and bold design, Indian Challenger redefines performance in an American V-twin. The PowerPlus liquid-cooled V-twin engine dominates with a class-leading 122 horsepower and 128 ft-lbs of torque. A striking combination of American muscle, premium components and long-haul comfort deliver a truly unmatched riding experience.

All Indian Challenger models feature a host of ride-enhancing amenities like full LED lighting, keyless ignition, locking hard saddlebags, three distinct ride modes, cruise control and USB charging for effortlessly crushing miles. Indian Challenger lets riders experience firsthand what quality craftsmanship feels like in a thoroughly modern motorcycle whose class-leading performance makes no compromises on style or comfort.

POWERPLUS V-TWIN ENGINE

Beautifully crafted and detailed, our biggest liquid-cooled engine packs a best-in-class 122 horsepower and 128 ft-lbs of torque for smooth, exhilarating power.

PREMIUM COMPONENTS

Inverted front suspension, race-spec radially-mounted Brembo® brakes provide superior stopping power, while performance touring Metzeler® Cruisetec® tires offer supreme traction.

MORE SCREEN MEANS MORE CONTROL

The miles fly by thanks to 7-inch touchscreen powered by RIDE COMMAND with live traffic and weather overlays and Apple CarPlay® integration. Enhanced audio controls deliver crystal-clear sound. Standard on Indian Challenger Dark Horse and Indian Challenger Limited.

REMOTE-LOCKING HARD SADDLEBAGS

Waterproof saddlebags protect against the elements and with over 18 gallons of storage, give you all the space you need to extend trips. Standard on Indian Challenger Dark Horse and Indian Challenger Limited models.

INDIAN CHALLENGER DARK HORSE

Designed for riders who make no compromises and want the next level in performance. State-of-the-art Smart Lean Technology includes dynamic traction control, ABS with cornering control and drag torque control to enhance safety by tuning the performance based on the motorcycle's lean angle. Standard on Indian Challenger Dark Horse and Indian Challenger Limited. Shown in Titanium Smoke.
