

WE'RE PROUD TO BE AMERICA'S FIRST MOTORCYCLE COMPANY

In 1901, two fearless pioneering innovators – George M. Hendee and Oscar Hedstrom – founded America's first motorcycle company: Indian Motorcycle. They started by taking a risk and going all-in on something entirely new and unheard of to Americans – the motorcycle. Their passion and fearlessness live on today at the core of our brand and our vision:

MAKE THE FIRST MOVE

INDIAN PURSUIT

Step up to the next generation in American touring performance, with innovative technology, long-haul amenities, and unmatched comfort. Indian Pursuit is available in two models with two trim levels for each, so you can select from four total options to fit your personal style and riding preferences.

Performance is at the heart of each model thanks to the Indian Motorcycle PowerPlus engine, a 108 cubic-inch, liquid-cooled V-twin that delivers a class-leading 122 horsepower and 128 ft-lbs of torque. All Pursuit models feature an industry-leading 7-inch touchscreen display powered by RIDE COMMAND, with Apple CarPlay®, GPS with turn-by-turn navigation, live traffic and weather overlays, and an all-new vehicle locator feature. A frame-mounted fairing, electronically adjustable windscreen, vented lower fairings, and heated grips provide superior protection from the elements delivering unprecedented comfort. In addition, a premium cargo trunk and spacious saddlebags combine for more than 35 gallons of power-locking storage.

Indian Pursuit was designed for the long, epic journeys you've always wanted to take. It's for riders who know there's no sooner or later. There's only now.

Cover: Indian Pursuit Limited with Premium Package shown in Black Metallic. Below: Indian Pursuit Dark Horse with Premium Package shown in Stealth Gray.

PURSUIT DARK HORSE

The next generation in American touring performance, with an aggressive blacked-out finish to match. With hydraulically adjustable Fox® rear suspension, inverted front forks, a cast-aluminum frame, and frame-mounted fairing, you have control to match its performance. Shown in Silver Smoke.

PURSUIT LIMITED

This chromed-out powerhouse redefines American touring performance. It's ready for any route you can dream up. A gorgeous 7-inch touchscreen powered by RIDE COMMAND features Apple CarPlay® integration, turn-by-turn navigation, Bluetooth® connectivity, and more. Shown in Black Metallic.

ACCESSORY POWERBAND LOWER FAIRING SPEAKERS

Complement the already impressive premium audio with optional high-output speakers in the lower fairings for added volume and crystal-clear sound so you never miss a beat.

ELECTRONICALLY ADJUSTABLE WINDSCREEN

All Indian Pursuit models feature an electronically controlled windshield that goes up or down with the push of a button to suit your preference. The frame-mounted fairing provides exceptional wind protection and lower vents further manage airflow for maximum comfort.

ACCESSORY CLIMACOMMAND HEATED AND COOLED SEAT

Enjoy the ultimate in comfort in all conditions with this well-cushioned seat that provides adjustable heating and cooling controls on the side of the seat, as well as through Indian Motorcycle RIDE COMMAND display.

35+ GALLONS OF LOCKABLE STORAGE

Touring is about having everything you need along the way. Protect your gear from the elements in weatherproof storage with remote-locking saddlebag and a spacious rear trunk that fits two helmets.

INDIAN PURSUIT DARK HORSE WITH PREMIUM PACKAGE

With impeccable blacked-out finishes from tip to tail, be ready for some attention. Smart Lean Technology allows you to tune traction, ABS, and torque for the ultimate control. Along with aggressive running lights and an LED headlight, you get premium driving lights integrated in the lowers. Shown in Stealth Gray.
