# WE'RE PROUD TO BE AMERICA'S FIRST MOTORCYCLE COMPANY

In 1901, two fearless pioneering innovators — George M. Hendee and Oscar Hedstrom — founded America's first motorcycle company: Indian Motorcycle. They started by taking a risk and going all-in on something entirely new and unheard of to Americans — the motorcycle. Their passion and fearlessness live on today at the core of our brand and our vision:

## MAKE THE FIRST MOVE

---

## INDIAN SPORT CHIEF

Sport Chief just raised the bar on American V-Twin performance cruisers. To accomplish that, everything about Sport Chief was purpose built from the factory to perform. That means we did the hard stuff, so you don't have to. All you need to do is show up and let the bike do the talking. With premium performance components known across the entire two-wheeled industry and powered by the legendary air-cooled Thunderstroke 116 V-twin, Sport Chief proves high standards never go out of style. When it comes to performance capability and aggressive style, Sport Chief pushes iconic American motorcycle history to the next level. With Sport Chief, performance is given, and respect is earned.

Previous Page: Sport Chief shown in Ruby Smoke with optional accessories.

## INDIAN SPORT CHIEF

Sport Chief is the ultimate performance cruiser in the Indian Motorcycle lineup thanks to proven name brand components: longer Fox® piggyback rear shocks, 43mm KYB® inverted front forks, and dual Brembo® 4 piston calipers with semi-floating 320mm rotors. Confidence comes easy, and head turning style that gets recognized is even easier. In addition, there's game-changing ride amenities standard on every Sport Chief: 3 ride modes (Sport, Standard, Tour), cruise control, keyless ignition, Bosch ABS, LED Lighting, and a USB charging port. Shown in Black Smoke.

## INDIAN SPORT CHIEF

Building the best doesn't stop at premium suspension and braking components. Putting the rider in the proper position to maximize performance matters too. Thanks to a gunfighter style solo seat with taller bolster, increased 29.5-degree lean angle and mid controls, riders can ride harder and longer with more confidence and comfort. And raising the bar on performance style means no detail is overlooked. Aggressively styled Quarter Fairing and gloss black 6-inch Moto style risers with machine highlights come standard and mean business. Shown in Stealth Gray.

## INDIAN SPORT CHIEF

We did the hard stuff so riders can make it their own. Sport Chief boasts a classic mechanical design with a simple steel tubed frame, air-cooled Thunderstroke 116 V-twin engine, and iconic cruiser styling, making it an invitation to customize. Chopping and bobbing isn't required thanks to a host of factory Indian Motorcycle accessories like our 10" Moto Risers, taller windscreen and adjustable FOX® piggyback rear shocks that install easily for an even more stylish look and increased performance capability. Shown in Ruby Smoke with optional accessories.

## BIG DISPLACEMENT AND BIG POWER

The ultimate performance cruiser needs proven American muscle at its core. The legendary air-cooled Thunderstroke 116 V-twin comes standard and produces 120 ft-lbs of raw torque that dominates in all 6 gears, giving you the power to leave everything, and everyone, in your exhaust and a haze of tire smoke.

## PACKED WITH PREMIUM COMPONENTRY

Sport Chief is the ultimate performance cruiser in the Indian Motorcycle lineup thanks to proven name brand components: longer Fox® piggyback rear shocks, 43mm KYB® inverted front forks, and dual Brembo® 4 piston calipers with semi-floating 320mm rotors. Confidence comes easy, and head turning style that gets recognized is even easier.

## CUSTOM STYLE COMMANDS RESPECT

Sport Chief has a performance style to match all its ride enhancing components. The new Quarter Fairing sports a 6.5" windscreen for wind protection and an aggressive look.

## MODERN TECH HIDDEN IN PLAIN SIGHT

The 4-inch touchscreen keeps you connected with the latest in tech while maintaining a classic design aesthetic disguised as an analog gauge. RIDE COMMAND provides turn-by-turn navigation with connected features like weather and traffic overlays, lets you control ride modes, answer or decline calls, and manage your music from a compatible Bluetooth®-connected device.

## ADJUSTABLE FOX® PIGGYBACK REAR SHOCKS

Upgrade your ride with our factory accessory Performance Adjustable Piggyback Rear Shocks by Fox®. They feature easy-to-use twist knobs that let the rider adjust compression and rebound damping for more precise performance and to suit individual riding preferences and road conditions. The piggyback reservoir design isolates oil for great heat dissipation and consistently outstanding performance. Suspension travel is increased by 1" for a smoother, more comfortable ride.

## PERSONALIZE YOUR RIDE WITH FACTORY ACCESSORIES

Who says comfort and style can't go hand-in-hand? Improve the reach of your Sport Chief handlebars with our optional 10" Moto Risers, while adding aggressive styling to turn heads everywhere. Separate installation kit required (consult your dealer).
