ACCESSORIES

# BORN FROM ICONS RIDDEN BY LEGENDS

As America's First Motorcycle Company, we've been making iconic motorcycles since 1901. In 1919, we introduced the first Indian Scout, heralded for its legendary balance of power and control. Soon after we debuted the Indian 101 Scout, considered by many to be the most perfect motorcycle built.

Our founders were trailblazers, with a spirit of innovation that we've kept alive through evolution and respect for the history that got us here. Looking to that heritage for inspiration and the legendary riders who chose Indian Scout over the last hundred years, we introduce the all-new Indian Scout lineup.

# THE ALL-NEW INDIAN SCOUT CREATE STORIES WORTH SHARING

Indian Motorcycle's brand purpose is simple:  
inspire the next generation of riders to pursue their dreams.  
If you're on two wheels, you're with us. Period.

# THE ALL-NEW INDIAN SCOUT PROVES THE BEST CAN GET EVEN BETTER

## ICONIC AMERICAN DESIGN

For over 100 years, the Indian Scout has represented iconic American design, with a silhouette that shines with heritage and tradition. Leveraging the timeless style and perfect proportions that make up Scout's DNA, the all-new Indian Scout has been reshaped into the most beautiful and capable American mid-sized cruiser in the world.

## THE ALL-NEW SPEEDPLUS 1250 V-TWIN

The completely redesigned SpeedPlus 1250cc liquid-cooled V-twin is at the heart of the all-new Scout. It features a 10% displacement increase and 14% more torque over the previous 1133cc Scout engine. And with 111hp in the 101 Scout, that's an 11% increase in power. To make all that power more usable, there's a flatter torque curve to deliver exhilarating seat-of-the-pants acceleration and a new slipper clutch for greatly improved clutch lever effort.

## LEGENDARY BALANCE OF POWER AND CONTROL

When it comes to comfort and control, the combination of classic cruiser comfort and low center of gravity put the all-new Indian Scout in a class of its own. Low seat height with a narrow stand-over means it's easy for riders of all sizes to reach the ground. Perfect balance makes it effortless off the side stand and simple to maneuver at low speeds and more aggressive riding alike.

## RIDER CENTRIC TECHNOLOGY

The all-new Indian Scout integrates new safety and convenience features today's riders demand. All models feature ABS braking, an easy-to-read fuel gauge, and LED headlight. Three ride modes, as well as traction and cruise control are available in the Limited trim, while Limited +Tech adds a keyless ignition and all the amazing features that come with the 4-inch Display Powered by RIDE COMMAND and integrated RIDE COMMAND+ connected technology.

# 101 SCOUT

PREMIUM  
AGILE  
REFINED

Rooted in history as one of the greatest motorcycles ever made, the Indian 101 Scout is purpose built to be the highest performance Scout we've ever offered. With an all-new SpeedPlus 1250cc liquid-cooled V-Twin sporting 111hp, color-matched quarter fairing, inverted adjustable front forks, dual disk Brembo® brakes and adjustable piggyback rear shocks, the Indian 101 Scout is packed with premium components that make a statement about your ability to go fast. Exacting attention to detail throughout completes the look, with 101 Scout badging and exclusive paint and graphics that will turn heads if anyone can catch it.

# SCOUT BOBBER

STRIPPED  
ICONIC  
RAW

Stripped down with an aggressive stance and raw power, the Scout Bobber is the perfect expression of iconic bobber style. Blacked out front to back with chopped bobber fenders and headlight nacelle, it leans hard into a classic bobber vibe. A solo bobber-style seat reinforces a minimalist bobber aesthetic—without trading comfort—and firmly plants you in control under hard acceleration. Slammed suspension (2-inch rear travel and 4.7-inch front travel) creates a low stance for an aggressive, custom look. Bar end mirrors give the bike a cut-down and clean look with improved visibility.

# SPORT SCOUT

TOUGH  
PURPOSEFUL  
AGGRESSIVE

Inspired by history but redesigned for the style of today, the Sport Scout gives an aggressive spirit to the Scout lineup. Stylish gloss black 6-inch moto style risers with machined triples come standard for a menacing style that improves reach and control for aggressive riding. The quarter fairing gives the Sport Scout a stylish and custom look straight from the factory and the 19-inch front wheel adds to the aggressive nature of the Sport Scout. The solo sport seat keeps you planted and comfortable, to ride longer and harder, without compromising the bike's sleek style.

When the goal is to hit the open road, we make sure no corners are cut or details overlooked. Built for any type of riding, saddlebags, wire wheels, windshield, and passenger pillion all come standard. The touring saddlebags are the largest we've ever offered on Scout, and allow you to effortlessly carry essentials and open easily with a quick pull tab. The quick release windshield comes off in seconds for a different look and to feel the wind when you want it. The 3-inch suspension travel gives increased comfort to ride longer and farther. Premium chrome finishes and flawless paint add to the timeless styling born of the Indian Scout's heritage.

# CRAFTED TO FIT

Customize your Indian Scout to reflect your unique style and preferences. Craft a bike that not only stands out on the open road but also fits you like a custom-tailored suit. Enjoy the freedom to choose and ride with confidence, knowing your Scout is perfectly suited to you.

## RIDE COMFORTABLE | RIDE CONFIDENT THE FIT SHOP

Motorcycle ergonomics are focused around the triangle formed between the location of the handlebars, foot controls and seat that determine how a rider sits. Make sure you have the right accessories to maximize placement for your height, riding style and desired comfort level.

### PERSONALIZED SEATS

Ensure a comfortable fit that complements your physique and riding style with new seating options.

### CUSTOMIZABLE HANDLEBARS

Tailor your riding position and take command of the road by choosing the right handlebars for your posture. Find the perfect balance of comfort and control for a smoother ride.

### TAILORED FOOT CONTROLS

Customize your ride with tailored foot control options. These options allow you to fine-tune the positioning to match your ergonomic preferences.

### ADJUSTABLE PIGGYBACK REAR SHOCKS

2891039 Black

Easy-to-use knobs let a rider adjust compression and rebound damping to suit rider's preferences. Piggyback reservoir shocks provide a smoother, more comfortable ride. Provides 3" of travel, one-third more than standard Scout Bobber shocks. Scout Bobber gains 1" of ride height. Fits model year 2025. Not compatible with saddlebags.

### PERFORMANCE ADJUSTABLE REAR SHOCKS BY FOX®

2881790-463 Black

Tuned specifically for the Indian Scout to optimize the bike's high-performance ride and handling, these shocks have a gas-charged mono-tube with internal floating piston (IFP). They give a rider wide-range rebound adjustability and the coil spring offers preload adjustability. They have advanced high-flow, deflective disk, velocity-sensitive damping, and are fully rebuildable and revalveable.

Kit includes 2 shocks, spanner wrench and instructions. Preload adjustable, installs in place of standard shocks. Fits model year 2015-2025.

## CRAFTED STYLE PIECES

Make it your own with crafted style pieces that maximize style and comfort.

### RIDER FLOORBOARDS WITH INLAYS

2890834-266 Black

Add a new level of comfort with floorboards that allow you to move your feet around on long rides. Constructed from a rugged aluminum base and topped with grooved inlays and cushioned padding. Mounts with included hardware. Replaces stock pegs. Fits model year 2015-2025.

### PASSENGER FLOORBOARDS WITH INLAYS
