**IS BEGGING.**

*The Scout Family*

A CENTURY AGO, WE

# SET THE STANDARD

WE STILL LIVE BY TODAY.

We were founded in 1901 with a simple philosophy. If you're going to do something, do it right. That's our standard. It's how we built the first Indian Scout in 1920, and it's how we build motorcycles today. It's the only way we know.

*Scout 100<sup>th</sup> Anniversary*

# CRAFT ENDURES

THE TEST OF TIME.

WE'VE BEEN

# MAKING HISTORY

SINCE 1901.

From Burt Munro's land speed record-setting run on the Bonneville Salt Flats, to dominating American racing for 50 years, our history is about making history. And that legacy continues today. It lives on with our championship-winning flat track racing team, and in the motorcycles we design, engineer, and build for you.
