

WE'RE PROUD TO BE AMERICA'S FIRST MOTORCYCLE COMPANY

In 1901, two fearless trailblazers – George M. Hendee and Oscar Hedstrom – founded America's first motorcycle company: Indian Motorcycle. They started by taking a risk and going all-in on something entirely new and unheard of to Americans – the motorcycle. Their passion and fearlessness live on today at the core of our brand and our vision:

MAKE THE FIRST MOVE

INDIAN SCOUT ROGUE

Everywhere you go people recognize and respect the Indian Scout name. Our newest Scout model demands attention and inspires riders with a bolder sense of self expression. Enter the new Scout Rogue. The wild younger sibling of the iconic Scout family.

A host of new features give Scout Rogue its edgy, aggressive demeanor, including a quarter fairing, mini-ape handlebars, sport style solo seat, blacked-out front and rear fenders and valve covers, and a 19-inch spoked front wheel. Scout Rogue has performance to match its looks with a high-revving liquid-cooled American V-twin, set in a lightweight, cast aluminum frame for an expertly balanced bike that's easy to handle at all speeds.

Scout Rogue lets you be part of something bigger and live the life you promised yourself.
