MILITARY 850 TITAN 155

SPECIALIZED PERFORMANCE

Narrow Cockpit

Experience greater balance, on-trail precision and effortless rider control in a wide variety of terrains.

High-Clearance Front Suspension & BackTrak20 Rear Suspension

Take on obstacles and tough terrain confidently with articulated front & rear suspension—no matter if it's forward or reverse.

MILITARY 850 PRO RMK 155

DEEP SNOW VERSATILITY

Narrow Seat, Tank, and Console

Experience next level operator control, agility and deep snow precision navigation.

Full-Length Cooler, Tapered Tunnel, and High-Elevation Clutching

Keep engines operating their best in varying snow conditions and elevations.

850 Patriot Engine

Feel the difference of the 850 Patriot Engine's relentless acceleration, power, and durability.

COMFORT & CAPABILITY

Tall Windshield & Hand Guards

Endure longer missions with increased operator comforts and wind protection in harsh conditions.

Integrated Rack

Easily transport up to 125 lb of cargo on the integrated rack with included cargo box.

Standard Work Light

Get the job done day or night with a standard work light.

COMFORT & CONTROL

Velocity Shocks

Ride easier through the backcountry with these fully adjustable, durable, and versatile shocks.

Proven Suspension Architecture

Ride with confidence thanks to our light, rigid, and durable suspension architecture.

CONFIDENT HANDLING

20" x 155" Cobra Two-ply Track (1.8" lug height)

Navigate complex terrain and obstacles with confidence through added traction and flotation.

Trailbreaker Ski

Break new ground in any direction—on-trail or off-trail—through legendary capability and performance.
