

## AN ALL-NEW BREED OF LIGHT TACTICAL VEHICLE

### MRZR ALPHA KEY FEATURES

#### TRANSPORTABLE

MRZR Alpha maintains internal air transport requirements and adds helicopter sling load capability—providing a new level of capability within the footprint of a V-22 transportable tactical vehicle.

#### PERFORMANCE-BASED

With a high performance 8-speed transmission, up to 2,000 lb payload capacity, a more durable chassis, and upgraded suspension, the MRZR Alpha can handle almost any terrain.

#### TRUSTED

Developed for special operations, expeditionary or light infantry forces that require proven performance. Currently fielded with USSOCOM and the U.S. Marine Corps.

<b>DRIVE SYSTEM TYPE</b>	2WD/4WD with Selectable Locker
<b>FUEL TYPE</b>	D1, D2, F24, JP-8
<b>TRANSMISSION/FINAL DRIVE</b>	8-speed Automatic Transmission
<b>FRONT/REAR SUSPENSION</b>	Independent Dual A-Arm
<b>TIRES</b>	32" x 10" R15
<b>BOX CAPACITY</b>	600 LB (272.2 KG)
<b>GROUND CLEARANCE</b>	12 IN (30.5 CM) @GW
<b>HITCH TYPE</b>	2" Standard Receiver
<b>TOWING</b>	2,500 LB (1,133 KG)
<b>AIR DROP</b>	Low Velocity Air Drop (LVAD), Joint Precision Airdrop System (JPADS)
<b>INTERNAL ROTARY WING TRANSPORTABLE</b>	V-22, H-47, H-53
<b>SLING LOADABLE</b>	Yes

## GOVERNMENT CERTIFIED

- ▶ Air Drop
- ▶ Sling Load
- ▶ Internal Rotary Wing Transportable

## IMPORTANT FEATURES

- ▶ 225 Mile Range
- ▶ Payload Leveling Suspension
- ▶ Modular Accessories Adaptable to your mission
- <sup>NEW</sup> ▶ 1kW of Exposable Power
- ▶ Quick Access 24VDC Fuse
- ▶ Protected Power Connection
