

POLARIS *XPEDITION*

2027

ENGLISH VERSION

POLARIS
XPEDITION

TOUGH DOESN'T QUIT

When you invent categories, your work is never finished. We're riders, relentlessly chasing the next ride. It's race-inspired performance that propelled our people to podiums at DAKAR and the Baja 1000, or a crew of relentless explorers who want to break free from the everyday and get deep into the backcountry. Tough doesn't stop when the light fades, tough doesn't settle for second place and tough doesn't quit.

Polaris XPEDITION Lineup

Take on tough trails in the comfort of an enclosed cab with heat and AC. Now with NUMATIX Controlled CVT and onboard air.

12

Accessories

Polaris Engineered Accessories are designed and tested with our vehicles to deliver unmatched productivity and reliability.

46

Oil, Maintenance & Garage

Keep your vehicle performing at its best with the right oils and lubricants engineered for your machine, plus the parts and garage essentials to help get the job done.

60

Apparel & Riding Gear

For outdoor enthusiasts looking for gear purpose-built to deliver comfort, protection and style while enjoying the fun and challenging experiences enabled by Polaris vehicles.

ELEVATED PERFORMANCE. ALL-SEASON COMFORT.

2-YEAR
LIMITED WARRANTY*

Responsive trail performance, reduced in-cab noise with industry-first NUMATIX Controlled CVT and comfort for long rides year-round. Polaris XPEDITION models come with a 2-Year Limited Warranty*—so you can go further with confidence.

*Terms and conditions apply. See Polaris dealer for details.

CAPABLE GO BEYOND THE TRAILHEAD

Built to get deep into the backcountry, away from the trailheads and crowds. With an unprecedented range, features to confidently tackle obstacles you might find on the trail and the power to handle technical terrain.

COMFORTABLE ALL DAY, ANY SEASON

Stay protected from the elements in a customizable enclosed cab with heat and AC control. Keep the ride smooth with plush FOX® suspension. Easily navigate with GPS mapping using RIDE COMMAND technology, all while jamming out with JBL® audio.

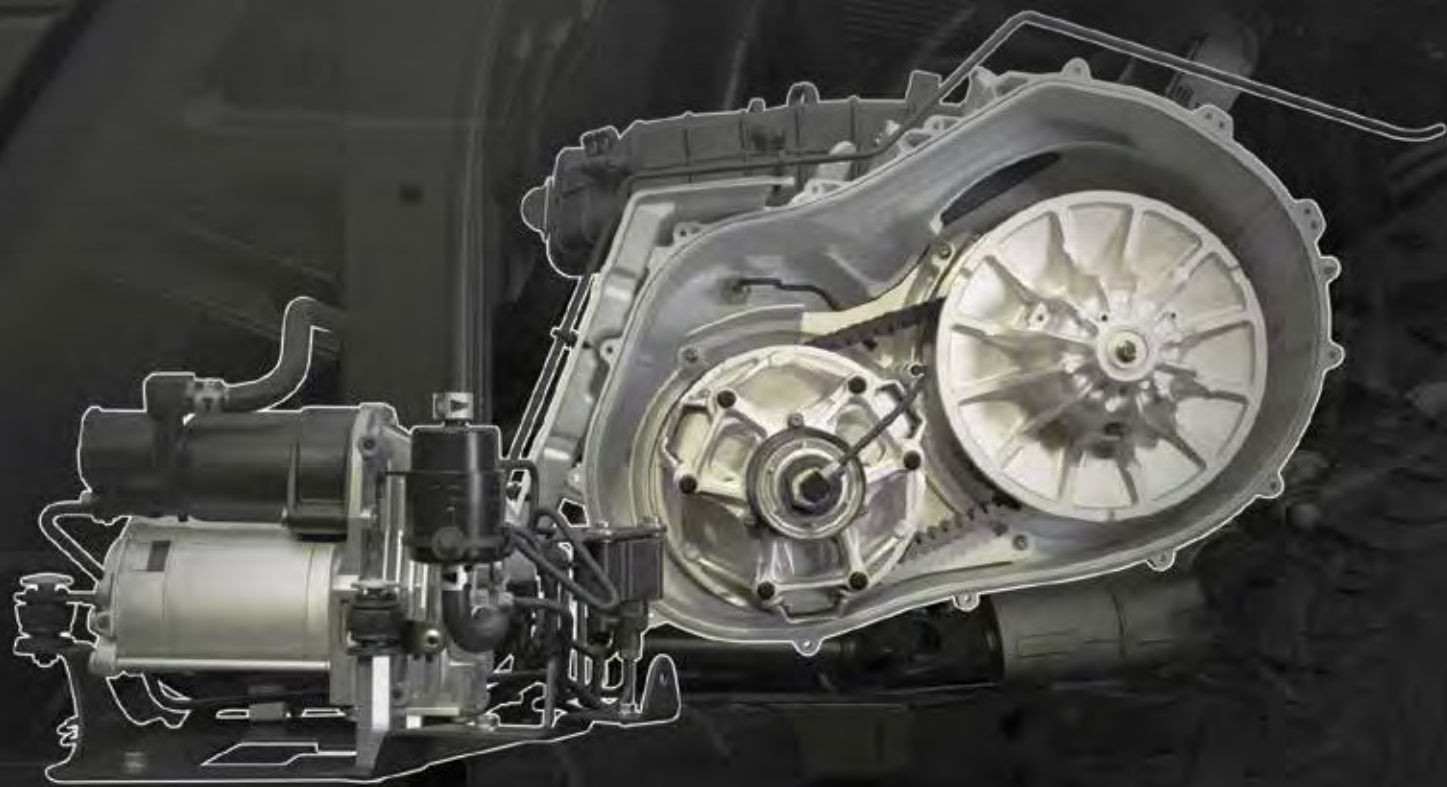

ADAPTABLE FOR ANY OUTING

Maximize your outdoor experiences with our most configurable side by side. Featuring innovative storage solutions, modular folding seats and over 100 compatible accessories.

POLARIS
XPEDITION

AN INDUSTRY FIRST REINVENTING THE DRIVE EXPERIENCE

NUMATIX
CONTROLLED CVT

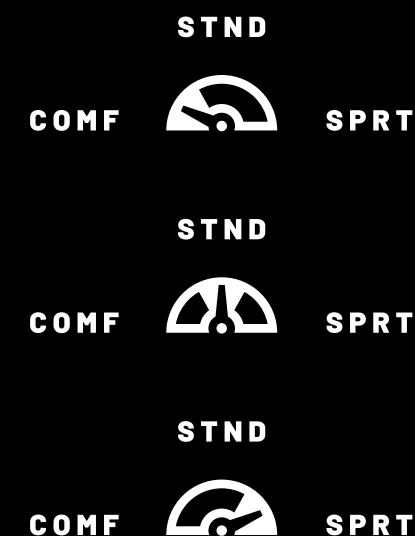

QUIETER CAB WITH NUMATIX CONTROLLED CVT

At the heart of the 2027 Polaris XPEDITION is an **industry-first innovation**: NUMATIX Controlled CVT.

NUMATIX **intelligently reduces cruising RPMs to decrease engine noise**, enhancing the in-cab experience while preserving the sporty acceleration and trail performance riders expect.

It consists of a **transmission control module (TCM)** and an **air supply unit (ASU)** that includes an air compressor with regenerative dryer, air tank and valve system. The TCM and ASU work together to adjust ratios by dynamically applying pneumatic pressure to the drive clutch through an air cylinder.

DRIVE MODES

Getting the most out of NUMATIX is as simple as **flipping your drive mode switch**.

Each mode **fine tunes transmission behavior, RPM management, and throttle response** to match riding style and driver preference.

Comfort Mode prioritizes smoothness and quiet cruising—ideal for long trail rides and conversation friendly riding.

Standard Mode keeps you connected to the trail, blending responsiveness with reduced noise.

Sport Mode unleashes the full personality of Polaris XPEDITION, delivering crisp throttle response, higher RPMs and aggressive performance when it's time to push.

ONBOARD AIR

NUMATIX doesn't just transform how Polaris XPEDITION drives—it unlocks a **new level of versatility through onboard air**, now standard on 2027 models.

The integrated compressed air system provides **on-demand access via an auxiliary air port**, allowing riders to **adjust tire pressure on the trail** and use **air-powered accessories**.

PERFORMANCE SIDE BY SIDE

POLARIS XPEDITION ADV & POLARIS XPEDITION XP

GO BEYOND THE TRAILHEAD. Load up your gear, break away from the crowd and get deep into the backcountry with an enclosed cab and cargo box with the Polaris XPEDITION ADV, or enjoy the versatility of the large dumping cargo box of the Polaris XPEDITION XP. Available in 2-seat and 5-seat.

ELEVATED PERFORMANCE

Industry-first NUMATIX Controlled CVT for a sporty drive without compromise and on-demand compressed air

114 HP ProStar 1000 Gen 2 engine for quick acceleration

High-mount air intakes and sealed electrical system keep critical components dry and get fresh air

ALL-WEATHER COMFORT

NUMATIX transmission reduces RPMs, quieting engine noise

Enclosed cab with heat and AC keeps you riding in every weather and season

Plush FOX® 2.0 Podium QS3® shocks with Position Sensitive Spiral Technology offer up to 15" of travel

Enhanced riding experience with JBL® Trail Pro Audio Sound System and RIDE COMMAND with integrated 7" Glove-Touch Display

RIDE COMMAND+ connected services to experience hassle-free ownership

HIGHLY CONFIGURABLE

Versatile customization with 100+ accessories, including all-new onboard air-powered ones

Flat roof design for roof rack and accessories

Flat folding* and 60/40 flip-up rear seats and flat floors make it easy to store things in the rear of 5-passenger models

600 LB dumping** cargo box and 2,000 LB tow capacity to haul more of what you need

OFF ROAD, IN TOUCH

POLARIS RIDECOMMAND

EXPLORE FARTHER WITH CONFIDENCE

With access to over 1.3 million miles of verified trail maps, RIDE COMMAND off-road GPS and mapping technology is built to keep you oriented, informed and moving forward with confidence. Available in vehicles equipped with a 7" Display, as an accessory or through the Polaris App.

NAVIGATE & PLAN ROUTES

Explore new riding areas with GPS Navigation and Route Planning. Follow verified trails, drop waypoints, save routes and use maps to stay oriented and confidently find your way back.

STAY CONNECTED

Group Ride lets you see the real-time location of others in your group, so you can keep track of everyone when riders spread out. Group Ride Messaging lets you send quick updates—even without cell service.

TRACK YOUR RIDE

Ride Tracking records routes, distance and trip data like total time, speed and elevation gain. Review past trips, repeat what worked and build confidence from one ride to the next.

MONITOR & ADJUST PERFORMANCE

Custom Gauges put real-time data—like engine temperature, battery status and shock performance—right on the in-vehicle display, so you can react to changing terrain with confidence instead of guesswork.

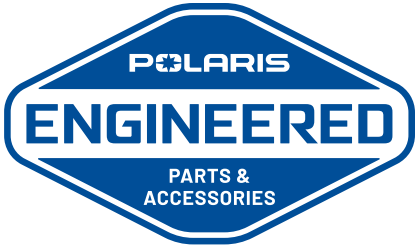

POLARIS RIDECOMMAND+

TECHNOLOGY LIKE NEVER BEFORE

RIDE COMMAND+ delivers upgraded connected insights including vehicle health, maintenance status and vehicle security alerts through the Polaris App, so you can ride—and walk away—with peace of mind.

LIGHTING

PRO ARMOR

MADE FOR
POLARIS
ACCESSORIES

RIGID

LIGHT YOUR RIDE

- MASSIVELY BRIGHT

Boost light output in all riding conditions to see and be seen
Clear lens options for the brightest light, amber lens options
to reduce light scattering in dusty/snowy conditions
- POLARIS-BACKED WARRANTY

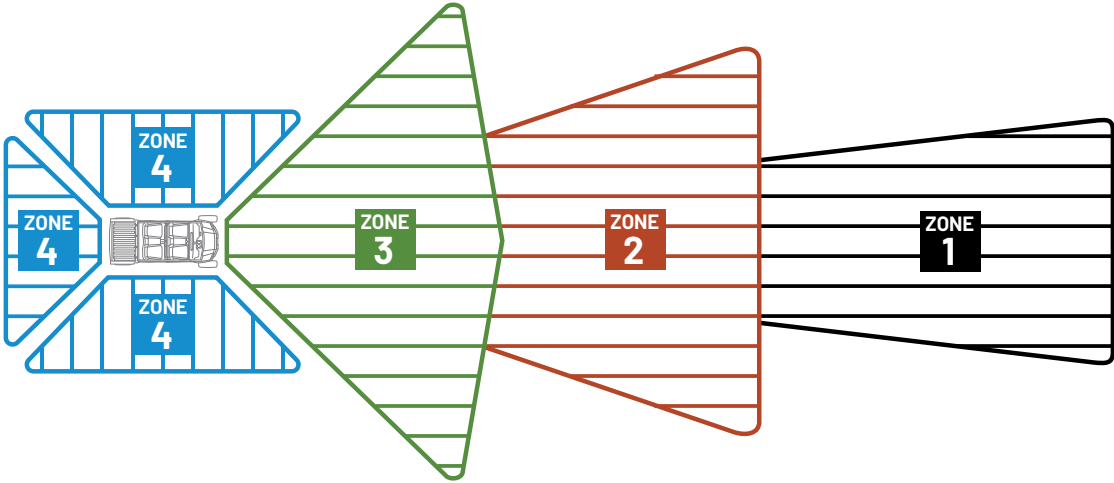

Ensure you're covered with a one year
warranty on all lighting products
RIGID® takes it a step further with
a Limited Lifetime Warranty*
- RUGGED CONSTRUCTION

Aluminum build with heat sink fins to
extract heat and maintain light efficiency
UV resistant & IP67 rated to hold up to the elements

LIGHT BY RIDING STYLE

Use the illustration below to identify zones where you want to focus your lighting. This will help you select the types of lights – and mounting locations on your vehicle – that will best serve your unique needs.

LIGHT ZONES	DRIVING SPEED	BEAM	TERRAIN & RIDING STYLE	RECOMMENDED MOUNTING
ZONE 1 SPOT LIGHT	High	Concentrated/long	Wide open areas & seeing at far distances	Bumper mounted
ZONE 2 COMBO / DRIVING LIGHTS	All	Inner spot & outer flood	All riding	Bumper mounted, roof mounted
ZONE 3 FLOOD LIGHTING	Slow to medium	Wide/shorter	Technical trails, wooded areas & rock crawling	Bumper mounted or roof rack (front or rear)
ZONE 4 PERIMETER LIGHTING	Medium, slow, stopped	Wide, typically with diffused lens for best ambient light	Illumination around vehicle, lighting tires while rock crawling	Surrounding vehicle, wheel wells

* If RIGID® determines, in its sole discretion, that your product is defective in material or workmanship, RIGID® will honor your warranty claim. In some cases the product will be replaced, depending on the specific timeframe of the purchase. If the product is repaired, all parts, labor and return shipping may be covered by RIGID®.

ZONE 1
SPOT LIGHTS

Obstacle identification at distance while traveling
at higher speeds and in wide open areas.

WHEELS & TIRES

OFF ROAD, IT'S ALL ABOUT FREEDOM & CREATING YOUR OWN PATH

As serious riders ourselves, we get it. And everything we design is to get (and keep) you going on the ride of a lifetime. We're for every style of rider looking to go beyond the expected with a ride that will make your story epic.

WHY CHOOSE PRO ARMOR?

SUPERIOR PERFORMANCE & DURABILITY

LIFELONG PERFORMANCE

- Every tire is designed and constructed with **longevity** in mind
- **3,000+ mile rated** (4,828 kilometers)

PREMIUM PROTECTION

- Pro Armor makes tires with **extra protection** exactly where it's needed most – the sidewall
- **Triple-belted sidewalls** keep your tires more resistant so you can keep going
Many competitors only use double-belted sidewalls

TOUGH TIRES

- Higher ply ratings mean added protection
- Pro Armor builds 8 or 10-ply rated tires for **higher puncture-resistance**

TIRES

Pro Armor tires have been developed and tested to ensure the perfect fit, superior durability and optimal performance, mile-after-mile. No matter where you ride—mud, dirt, sand or snow—we've got you covered.

KNOW YOUR TERRAIN

Tread patterns optimized for extreme traction	Provides traction & durability	Flexible "grippy" tread	Handles extreme cold	Triple-belted sidewalls to resist puncture
Ideal for both hard pack & loose trail	Performs in hard sand, jagged rocks or any extreme terrain	Aggressive side bite	Holds shape & provides traction	Purpose-built, long lasting tread patterns

PRO ARMOR CRAWLER XG

Unmatched grip for rock crawling with a taller, softer lug.
Why Choose Crawler XG?
Perfect balance between high-speed performance, durability and flex for traction on slick rocks.

PRO ARMOR CRAWLER XP

The best in performance, durability and reliability. Designed to tackle the toughest terrain in the most challenging conditions.
Why Choose Crawler XP?
Superior handling in soft dirt and clay. Extended side lugs for greater traction on rocks and sand.

PRO ARMOR HARVESTER

Designed for trail and agricultural applications with excellent grip, minimal crop impact and long wear life.
Why Choose Harvester?
Great for unexpected impact and rugged terrain.

PRO ARMOR PRO RUNNER

Lightweight high-performance tire with aggressive lug design for incredible grip.
Why Choose Pro Runner?
Lightweight construction without sacrificing durability.

PRO ARMOR TREKKER

The best balance of on-trail handling and low tire noise.
Why Choose Trekker?
Ultimate predictability with a quiet ride.

TIRE SEALANT

24/7 COVERAGE | BE PREPARED FOR ANYTHING

HOW IT WORKS

- 1 Tire sealant remains liquefied inside the tire until a leak develops in the tire or wheel.
- 2 Once a leak occurs, the tire sealant rushes out of the tire and quickly creates a permanent solid plug, maintaining tire pressure so you can continue your ride.

HOW MUCH DO YOU NEED?

TIRE HEIGHT (IN.) × TIRE WIDTH (IN.) / 5 = OUNCES REQUIRED PER TIRE

PREMIUM TIRE SEALANT

- Instantly seals and repairs rim, bead leaks and punctures up to .25" on standard tires and .75" on heavy ply tires
 - Helps seal the tire bead against the wheel
- Creates permanent repair, helps maintain air pressure for the life of the tire
 - 100% water soluble for easy cleanup
- Remains fluid and effective in temperatures down to -45° F
 - Will not rust, corrode or pit wheels
- Easily installed through existing tire valve stem with valve core removed

MAINTENANCE & GARAGE

FACTORY APPROVED. Every Polaris vehicle has been engineered and manufactured to deliver performance. Keep it that way by using the same lubricants, cleaners and service parts our factory-trained technicians use.

MAINTENANCE PARTS & FLUIDS

Polaris Engineered parts and oil have been validated and tested extensively, specifically for your vehicle. In order to maintain the peak performance of your Polaris vehicle only use official Polaris Engineered parts and oil.

PRO SERIES

We're taking the passion of our riders, workers and outdoor enthusiasts to the next level with Pro Series Parts. These parts are engineered for riders who want greater durability and enhanced performance. Pro Series Parts are designed and tested to handle greater wear and tear under all weather conditions.

POLARIS
EXTREME
SYNTHETICS

PS-4 EXTREME SYNTHETIC 0W-50

- Our best extreme high and low temp formula, excellent for high temperatures and racing, even at temps of 130° F, plus easier cold starting even below -45° F
- Expect the best in wear protection thanks to premium PAO and ester base stocks combined with a balance of moly and ZDDP additives
- Polaris exclusive clean engine additive system reduces deposits and carbon build-up for peak performance and power

THE BEST PROTECTION,
MAXIMUM PERFORMANCE

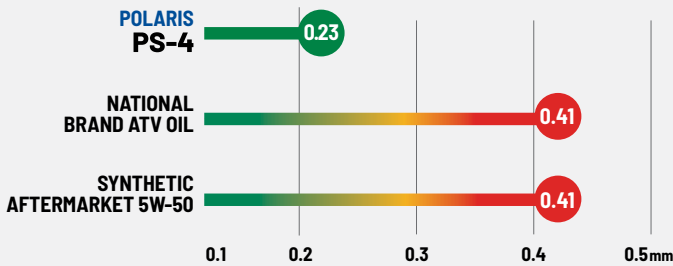

- Powersports grade full synthetics provide long lasting engine protection
- At least 40% improved wear protection compared to all aftermarket oils tested (see engine wear test chart)
- Polaris exclusive clean additive system
- At least 50% less deposits than all aftermarket oils tested (see deposit test chart)
- Cleaner engine with less deposits means consistent maximum power and performance

WIDEST VISCOSITY FOR ULTIMATE PROTECTION

ENGINE WEAR TEST

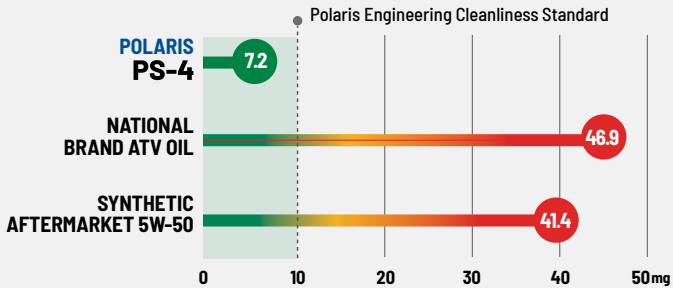

LOWER NUMBER = LESS ENGINE COMPONENT WEAR
LESS WEAR ON PARTS MEANS LONGER ENGINE LIFE

ASTM D4172. In 3rd party testing against 9 competitive products Polaris had 40% or better wear protection compared to all of the tested products. Numbers represent mm of wear scarring measured. Test measures wear at contact points, wear scar is measured for its length and width (in units of mm). Lower wear numbers mean better wear protection and friction reduction.

DEPOSIT TEST

LOWER DEPOSITS = MAXIMUM POWER

ASTM D6335. In 3rd party testing against 9 competitive products Polaris PS-4 had less than half the deposits compared to the next closest product. No other tested products met Polaris Engineering standards for deposit cleanliness. Test measures mass of deposits in mg in high temp, high stress test cycles. Higher deposits will impact engine power and performance.

GARAGE ACCESSORIES

NEW REDI OFF-ROAD RIDESAFE KIT

- Water resistant TPU coated bag designed to fit in your glovebox and includes MOLLE system for easy mounting
 - 110 first-aid and safety essentials meticulously packed into one comprehensive kit
 - Quick reordering via QR code
- »2830622

BELT CHANGE TOOL KIT

- Be prepared for whatever the outdoors throws your way
 - Includes everything you need to get back on the move
 - Rolls up to fit easily under seats, in glove boxes or storage bins
 - Does not include belt

CV BOOT REPAIR KIT*

FIX ON THE GO | TEMPORARY COVERAGE

- A quick trail-side fix to increase trail time
- The flexible and durable boot material expands over a cone tool for CV boot repairs, without disassembling CV axles
- Universal fit – works as a temporary fix for most powersports axles
- All components fit inside the cone, and a cover is provided for compact durable storage
- Easily fits in a cargo box, attached to the roll cage, in the glovebox or many other storage locations

Items shown are contained inside cone

ATV CV BOOT REPAIR KIT

Kit includes the following items:

- (1) Expandable CV Boot
- (1) Reusable Cone Tool
- (2) CV Boot Clamps
- (1) Tube of Silicone Lube
- (1) Grease Packet
- (1) Cone Cover

SEE HOW THE CV BOOT REPAIR KIT WORKS
AT [POLARIS.COM/MAINTENANCE-VIDEOS](https://www.polaris.com/maintenance-videos)

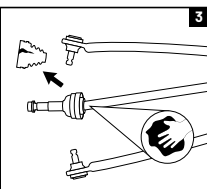

HOW TO INSTALL

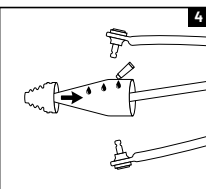

Remove wheel and axle nut.

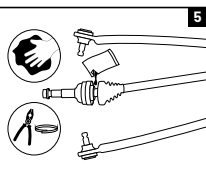

Remove brake caliper, hub, tie rod and upper and lower ball joints.

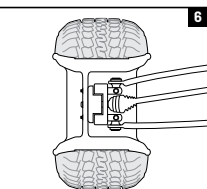

Remove old boot and clean joint.

Spread silicone lube on entire cone tool. Slide boot over cone tool, large end first. See package for outer boot instructions.

Empty the bag of grease into the CV joint/boot, clean sealing points and install clamps.

Reassemble tie rod, ball joints, brake caliper, axle nut, tire and wheel.

Refer to your service manual for further instructions and torque specifications.

*Designed for temporary CV boot repair. Purchase the OEM CV Boot for a permanent repair.

THE AMERICAN POWERSPORTS CO.

Over 70 years ago in Roseau, MN, two brothers and a best friend had somewhere to be and no way to get there. In that moment, Polaris was born. Forged through spare parts, American ingenuity and grit, they brought to life an entirely new way to explore and work outdoors. Their pioneering DNA is still alive and well in that same small community and beyond.
