For most brands mounts are required, sold separately. See PG&A catalogs for specific details.

## STEP 2 ADD A BATTERY CONNECTION CABLE

Battery Connection Cables bring power from the battery to the front bus bar. See below chart to determine if the vehicle model/year requires the additional cable.

|                             | MODEL   | YEAR                              | HARNESS              |
|-----------------------------|---|-----------------------------------|----------------------|
| POLARIS<br><b>RANGER</b>    | 1000 CREW 1000                                      | '20-25                            | HARNESS NOT REQUIRED |
|                             | XD 1500   | '24-25                            |                      |

**ELECTRICAL INSTALLS MADE EASY WITH  
PLUG & PLAY**

- To install accessories, simply plug the harness into the Polaris PULSE bar
- No need to remove nuts and stack wire terminals like a three-post terminal setup
- By plugging in your accessories, a secure connection is guaranteed every time

**POLARIS  
BENEFITS**

### MOUNTS PERFECTLY

Designed for your Polaris Engineered bumper, roof or other mounting point

### MAX PERFORMANCE

Validated to work as hard as your machine does

### DOESN'T OVERTAX

Trust it to work when you need it to

**RIGID**

### LIMITED LIFETIME WARRANTY

Exclusive optics and advanced tech designed to optimize your Polaris experience.

**PRO ARMOR** 

Developed, tested and produced in partnership with Polaris so you can tackle everything off-road throws at you.
