- Torque Wrench

IMPORTANT

Your Indian Motorcycle® Brake Fluid Reservoir Covers By Roland Sands Designs® is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

INSTALLATION INSTRUCTIONS

VEHICLE PREPARATION

GENERAL

1. Turn key or ignition switch to OFF position and remove key.

2. Ensure motorcycle is parked on a flat surface, kickstand is fully extended, and vehicle is stable prior to installation.

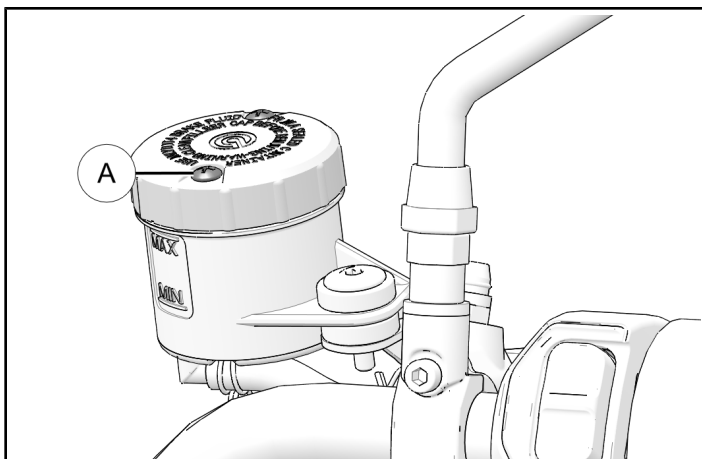

ACCESSORY INSTALLATION

CAUTION

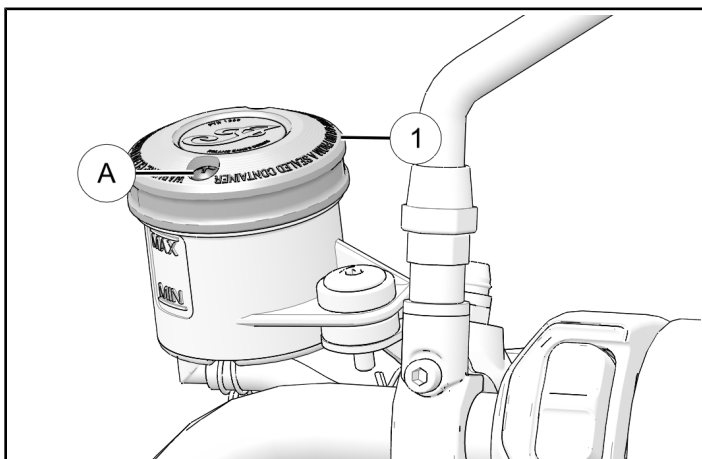

Brake fluid is toxic and corrosive. Protect all motorcycle surfaces from brake fluid to prevent damage.

FRONT BRAKE FLUID RESERVOIR COVER

1. Remove and retain two cover fasteners **A** to remove reservoir cover. Retain seal for accessory installation.

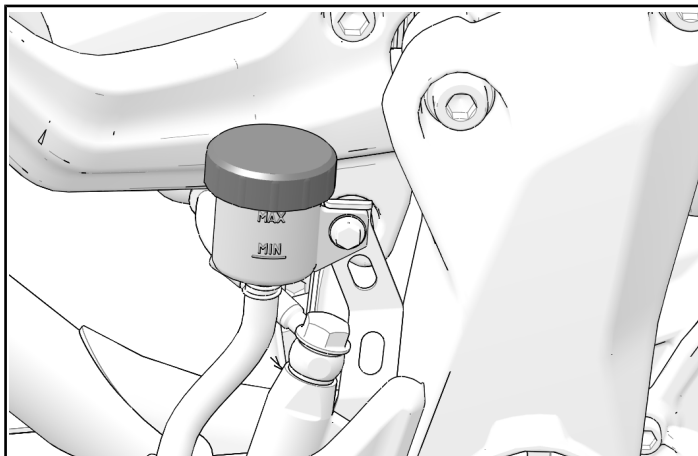

2. Install accessory reservoir cover **1** with two retained cover fasteners **A**. Ensure retained seal is between cover and reservoir. Hand-tighten cover fasteners.

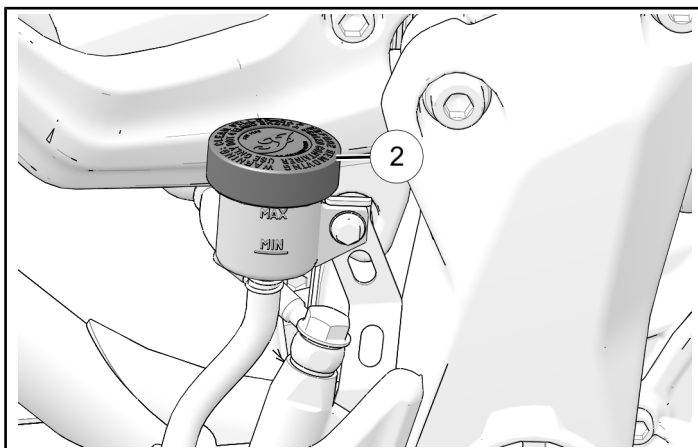

REAR BRAKE FLUID RESERVOIR COVER

1. Twist and remove reservoir cover. Retain seal for accessory installation.

2. Hand-tighten accessory reservoir cover. Ensure retained seal is between cover and reservoir.

FEEDBACK FORM

A feedback form has been created for the installer to provide any comments, questions or concerns about the installation instructions. The form is viewable on mobile devices by scanning the QR code or by clicking [HERE](#) if viewing on a PC.
