**TOOLS REQUIRED**
- Safety Glasses
- Metric Wrench Set
- Metric Socket Set
- Torx® Wrenches

**IMPORTANT**
Your FRONT BUMPER KIT is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

**ASSEMBLY TIME**
Approximately 1 hour

**INSTALLATION INSTRUCTIONS**
1. Shift vehicle transmission into "PARK". Turn key to "OFF" position and remove from vehicle.
2. Disconnect the battery negative (-) and positive (+) cables from battery.
3. Detach the rubber latches (A) from both sides of the front rack (B).
4. Open the front rack (B) as shown.
5. Remove two screws (C) holding the front rack cables (D) in place. Retain fasteners for reuse.

6. Remove two hinge pins (E) to detach the front rack (B) from vehicle. Set the front rack aside and retain hinge pins.

7. Remove the storage access panel (F) by removing four screws (G). Retain hardware for reuse.

8. Remove the pivot bracket (J) by removing two screws (H). Retain hardware for reuse.

9. Remove lower fascia fasteners (K) (L) and pull the fascia (M) forward and down to remove. Retain hardware for reuse.

NOTE
Lower fascia (M) will not be used again for this application.
10. Disconnect headlight connectors (N) on both sides.

11. Remove push darts (P) from both sides holding the upper fascia (Q) in place. Remove fascia from the vehicle. Retain push darts for reuse.

**NOTE**

The Pliers in the vehicle tool kit are specially designed to remove push darts (P).

12. Remove the regulator (S) by removing two screws (R) from the stock bumper support (T). Retain hardware for reuse.

13. Remove two screws (U) holding stock bumper support (T) onto upper radiator bracket (V) at the top as shown. Discard both the screws (U).

14. Remove four bolts (W) (X) and two nuts (Y) holding stock bumper support (T) in place at the bottom. Retain hardware for reuse.
15. Remove two bolts (Z) and nuts (AA) from the chassis. Reinstall the upper support brackets 5 6 supplied with kit and reinstall fasteners (Z) and (AA). Torque bolts (Z) to specification.

<table>

</tr>
</thead>
<tbody>
<tr>
<td>10 ft. lbs. (13.5 Nm)</td>
</tr>
</tbody>
</table>

**NOTE**

The upper tab (circled below) on support brackets 5 6 slides underneath the body plastic (AB) on both sides as shown in second image below.

16. Install LH side lower support bracket 3 to the radiator mount with screws 8 7 and nut 10 as shown. Repeat same for RH side lower support bracket 4. Torque screws 8 7 to specifications.

<table>
<thead>

</tbody>
</table>
18. Install screws ⑦ and nuts ⑧ attaching bumper support ① to lower support brackets ③ ④ as shown. Torque nuts ⑧ to specification.

**TORQUE**

10 ft. lbs. (13.5 Nm)

---

19. Reinstall bottom stock fasteners (W) (X) (Y), removed in Step 14. Torque bolts (W) (X) to specifications.

**TORQUE**

Bolts (W): 10 ft. lbs. (13.5 Nm)
Bolts (X): 10 ft. lbs. (13.5 Nm)

---

20. Reinstall regulator (S) onto the front fascia support ① using two screws (R), removed in Step 12.

21. Reinstall upper front fascia (Q) removed in Step 11.

22. Reinstall pivot bracket (H) removed in Step 8.

23. Reinstall storage access panel (F) removed in Step 7.

25. Reinstall front rack (B) using hinge pins (E) removed in Step 6.

26. Reinstall front rack cables (D) using screws (C) removed in Step 5.

27. Close the front rack (B) and reattach rubber latches (A).

28. Install front bumper ② onto bumper support ① by aligning mounting tab holes on bumper with bumper support bracket holes and installing four screws ⑧ at and ⑨ as shown. Torque screws ⑧ ⑨ to specifications.

**TORQUE**

Screws ⑧: 8 ft. lbs. (10.8 Nm)
Screws ⑨: 8 ft. lbs. (10.8 Nm)

---

29. Reconnect the battery positive (+) and negative (-) cables to battery.

**COMPATIBILITY**

Front bumper kit is compatible with following accessory kit.
- Sportsman Tough Rack Kit (PN 2882321)

Front bumper kit is not compatible with following accessory kits.
- Sportsman Front Rack Extender Kit (PN 2879716)
- Other Sportsman Front Bumper Kits
