1	1	Panel, Rear (includes items 1.1–1.2)	-
1.1	2	. Bracket	5439918
1.2	2	. Clamp Assembly	2636994
	1	Instructions	9928970

TOOLS REQUIRED

None

IMPORTANT

Your Rear Panel Kit is exclusively designed for your vehicle. Please read the installation instructions thoroughly before beginning. Installation is easier if the vehicle is clean and free of debris. For your safety, and to ensure a satisfactory installation, perform all installation steps correctly in the sequence shown.

ASSEMBLY TIME

Approximately 5 minutes

INSTALLATION INSTRUCTIONS

1. Shift vehicle transmission into "PARK". Turn ignition switch to "OFF" position and remove key.
2. Open two clamps (A).

3. Hold panel ① as shown, then insert upper edge of panel beneath ROPS cross member (B).

NOTE

Seats, seat belts, and head rests hidden for clarity.

4. While keeping upper edge of panel ① on FORWARD side of ROPS cross member (B), tilt lower edge of panel forward. Slip both panel brackets (C) over cab cross member (D), then lower panel until brackets are fully engaged. Ensure panel is centered from right to left.

5. Lock clamps (A) to B-pillars (CREW: C-pillars).

⚠ WARNING

If transporting vehicle in non-enclosed trailer then the following two items are required:

- A windshield must be installed (sold separately), and be FULLY CLOSED and LOCKED.
- The vehicle must FACE FORWARD.

If the above requirements are not met, then the rear panel ① must be removed.

Failure to comply may allow airflow, vibration, or other factors to separate rear panel from vehicle and cause an accident, resulting in serious personal injury or death.

FEEDBACK FORM

A feedback form has been created for the installer to provide any comments, questions or concerns about the installation instructions. The form is viewable on mobile devices by scanning the QR code or by clicking [HERE](#) if viewing on a PC.
