THE CROWD-PLEASING 2021 POLARIS FAMILY OF SLEDS

Only the original winter warriors could bring you a line-up built entirely from the ride-up. It started with a love of the outdoors, a Minnesota winter, and the memories with friends that can only be created on the snow. Building the perfect snowmobile has been our obsession since we started in 1954. Time to flip the switch and ignite the fun for 2021.

WE MADE IT SO YOU CAN

LIVE IT.

POLARIS
Polaris Snowmobiles are about more. More time spent exploring. More riding firsts. More thrilling moments. More connection and more appreciation for the escape you can only experience on the snow. We design the best sleds, built by the best team, ridden by the best riders and delivered through the best dealers – making control and confidence come to life on every single ride.

**THE BEST SPORT ON SNOW AND THE BEST TEAM IN THE SPORT.**

Polaris Athletes
Elite, professional riders that train and ride all year long. For these athletes, snowmobiling is more than a hobby. It’s a way of life.

**POLARIS RACERS**
Heart pounding, snow flying, full throttle riders pushing the limits each and every race.

**POLARIS AMBASSADORS**
These snow-obsessed riders are driven to share their enthusiasm and knowledge for the sport of snowmobiling.

**AND OF COURSE, YOU.**
Whether you’re a trail rider, an up and coming racer or simply new to the sport – welcome to the Polaris family.

POLARIS.COM

**WE MADE IT SO YOU CAN LIVE IT.**
ENGINE CHOICES FOR EVERY RIDER.

Different riders and different styles, that’s why we offer a complete line-up of engines. From taking the tightest tree lines in the deep powder with the ultimate responsiveness of our 850 Patriot to cruising the trails with the proven fan-cooled 550, we’re proud to deliver the fun factor that keeps you pushing more miles with more reliability and more confidence. Our engines are built to integrate seamlessly with the lightweight and agile Polaris chassis. Most Polaris snowmobiles feature class-leading power-to-weight ratios and set a new benchmark for ultimate performance.

LIBERTY 850 PATRIOT

The 850 Patriot engine was designed from the ground up for class-leading durability, unrivaled acceleration and industry best power-to-weight. The 850 Patriot is the most powerful snowmobile engine ever built by Polaris.

LIBERTY 550

Proven, durable, fan-cooled engine provides reliable performance at a great value.

LIBERTY 600 CLEANFIRE

The 600 Cleanfire engine is part of the Polaris family of Liberty engines built in the USA. This engine is a 600cc, liquid-cooled, SDI engine that provides proven reliable performance, instant acceleration, easy starting and great response.

LIBERTY 800 H.O. CLEANFIRE

The “Proven Polaris Benchmark” is part of the Polaris family of Liberty engines built in the USA. This engine is designed to deliver unparalleled durability, refined run quality and a new level of fuel economy. Throttle response is instant, power is pure and acceleration is smooth from first pull to full throttle.

NEW FOR ‘21

The 850 Patriot engine was designed from the ground up for class-leading durability, unrivaled acceleration and industry best power-to-weight. The 850 Patriot is the most powerful snowmobile engine ever built by Polaris.

THE NEW 650 PATRIOT

The new king of the core class has arrived. The all-new 650 Patriot built on the proven 850 architecture is designed to deliver unparalleled durability, refined run quality and a new level of fuel economy. Throttle response is instant, power is pure and acceleration is smooth from first pull to full throttle.

INTRODUCING THE 650 PATRIOT: BORN FROM THE HEART OF A BEAST.

550

Proven, durable, fan-cooled engine provides reliable performance at a great value.

POLARIS.COM

NOW AVAILABLE IN-SEASON
For over 40 years, the INDY name has stood for performance. For 2021, the INDY is reborn in the VR1 and XC Launch Edition, built on the Matrixx platform with the INDY XCR, INDY XC 129/137 and INDY Adventure 137 built on the AXYS platform.
Introducing the SnowCheck-exclusive INDY VR1 on the all-new rider-first Matryx platform—unlocking the next dimension in dominating trail performance and technology.

The light and rigid Matryx platform, coupled with the powerful 650 and 850 Patriot engines are designed to deliver class leading power to weight ratio for arm-stretching acceleration on the trail or the lake.

Effortless control in any condition is enabled by an all-new, snocross-inspired cockpit proven on the track to reduce effort and improve rider connection to the sled. Ultra-premium Walker Evans Velocity shocks, race inspired IFS and proven Pro-CC rear suspension combine to create the best handling trail sled ever.

DOMINATING TRAIL PERFORMANCE

INDY VR1

FEROCIOUS ACCELERATION

EFFORTLESS CONTROL

INTELLIGENT TECHNOLOGY

MATRYX RIDER FIRST DESIGN

HANDLINGBorn for RACE. Perfected for the Trail

RAPID POSITION

Out-represent rider cockpit on the market enables active rider dynamics. The all new seat, tank, and sculpted body panels were developed by riders for a seamless and effortless rider active experience.

WIND PROTECTION

CFD optimized for improved leg and lower body comfort and protection. Enhanced windshield design for hand protection and less wind buffeting.

PURPOSEFUL DESIGN

Sleek, purposeful form. Nothing is wasted. Every part has a function. Every detail obsessively perfected.

NightBlade Headlight

This new headlight brings state of the art lighting technology to Polaris riders. Six projector beam optics deliver precision lighting with an engineered pattern to deliver exceptional visibility for night riding.

Soft Touch Left Hand Control and SmartWarmers

Control the 7S Display and SmartWarmers from the new left hand control. Only with the new Polaris SmartWarmers can you customize the ex-act temperature extinguish and maintain consistent heat throughout your ride.

Lock & Ride Flex System

Our fastest, easiest and most secure accessory-mounting system.

WER® Velocity Shocks

All-new Velocity Series shocks deliver the ultimate in control and comfort with reduced bottoming resistance for the best ride in every condition.

RideCommand 7S Display

Designed with integrated Ride Command, the 7S Display brings a whole new level of intuitive, touch-screen control and customization with our largest and most sophisticated display yet.

- Ride Command Trail Maps included
- Group Ride Tracking, with or without cellular connection
- Fast Customizable Screen
- Bluetooth Connectivity
- 7” Full Color Touch-Screen

WHAT MAKES AN ADVENTURE

RIDER BALANCED CONTROL

By placing the rider in the right location on the sled, we’ve built a sled that corners flat without sacrificing the fun factor.

ULTIMATE TRAIL VERSATILITY

The INDY Adventure 137 combines the performance attributes of an INDY XC with seat options, confidence-inspiring skis, and integrated storage options that is every bit as capable riding solo - or two-up.

UNRIVALED ACCELERATION

When developing the AXYS platform, our engineers minimized weight throughout the sled without compromising strength. Combine that with powerful engines and you’ve got class-leading power-to-weight.

POLARIS.COM
WHAT MAKES AN ASSAULT THE ULTIMATE BACKCOUNTRY CROSSOVER

RIDER BALANCED CONTROL
By placing the rider in the right location on the sled, we’ve built a sled that corners flat without sacrificing the fun factor of lifting the front end and through the bumps or powder. More precise handling both on- and off-trail.

UNRIVALED ACCELERATION
When developing the Assault, our engineers minimized weight throughout the sled without compromising strength. Combined with powerful engines and class-leading power-to-weight ratios, the Switchback Assault gives you the best go-anywhere versatility.

RIDER-CENTRIC COMFORT
With ergonomic controls, integrated storage, enhanced wind protection, and industry-first LED headlights and display packages, comfort is woven directly into the design of the Switchback Assault—AXYS or Matryx platform.

IGX REAR SUSPENSION
The IGX rear suspension provides RMK-inspired off-trail agility and balance with outstanding on-trail ride performance. Pitch is controlled through geometry.

POWDERTRAC RUNNING BOARDS
Designed to serve the needs of riders on 150 off-trail where the front is wide and flat for comfort and stability, while the rear has tapered, dual-angle design for mobility and snow clearance.

LEADING TECHNOLOGY
Polaris offers industry-leading display packages including full-color, LCD digital displays that connect with select features of Polaris Ride Command, including GPS and Trail Maps. Also available is the LCD digital Polaris MessageCenter Display.

WHAT MAKES A TITAN
THE MOST VERSATILE, DO-IT-ALL EXTREME CROSSOVER

RIDER BALANCED CONTROL
The AXYS chassis positions the rider for optimum control in all riding situations and delivers unmatched handling in even the world’s most extreme terrain and conditions.

DEEP SNOW AGILITY
The TITAN delivers impressive flotation and agility. Featuring an articulated rear suspension design that requires no adjustments to go from 2-up to towing large loads and allows you to easily back up over obstacles.

UNMATCHED VERSATILITY
The TITAN is equipped with rider-centric innovations to dominate the most extreme conditions including superior cargo-carrying and towing-capabilities along with storage solutions. The Power Boosting Regulator delivers maximum electrical power at idle and low RPMs for comfort and convenience.

ALPHA TRANSMISSION
Provides smooth shifting and 1200 lb. towing-capabilities with High, Low, Reverse, and Neutral.

LOCK & RIDE PLATFORM
Integrated design allows for maximum storage, with or without passenger seat. Industry-leading 950 lb. 2,040 lb. cargo and integrated Lock & Ride mounting system holds cargo boxes and other storage accessories.

POWER BOOSTING REGULATOR
This industry-first delivers maximum electrical power at idle and low RPMs. Ensures electrical power for rider comfort and convenience features such as accessory heated seats, hand warmers, battery charging and other accessories.

**For full specs, visit Polaris.com**
SnowCheck has always been your chance to own a factory-customized sled featuring the shocks, colors and tracks you want, and it still is — but for ’21, we’re adding exclusive new models. Mountain riders can get RMKs featuring our new QuickDrive2 Drive System and Series 8 Tracks. For crossover and trail riders, SnowCheck is your only opportunity to get the new Switchback Assault 146 or INDY VR1 built on the all-new Matryx platform. Available with the proven 850 Patriot or the new powerful and fuel efficient 650 Patriot engine.

Build yours at PolarisSnowmobiles.com
Photographed using a highly skilled professional operator under controlled conditions. Polaris recommends that all riders take a training course. Do not attempt maneuvers beyond your capability. Always wear a helmet and other safety apparel. Never drink and ride. Snowmobiles depicted in this brochure may feature Polaris® parts and accessories and are not standard features of the base model snowmobile they accompany. All performance and/or feature and benefit claims are based upon competitive data available at time of printing.
