600R Data Display mounting Kit for AIM " Kompact" data system

The kit (#0818028) must be ordered directly from the Polaris Race Dept. Contact Scott Wilczek at Scott.Wilczek@polaris.com to order.

(Kit includes: 1 – Display plate, 2 – 10mm Socket head bolts, 1 – speed sensor plate)

Tap the below two holes in the stock steering post riser block with a 10mm x 1.0mm tap. Attach the mounting plate to the taped hole with the included 10mm bolts.

Attach Kompact data unit to the mounting plate. Attach speed sensor plate to coolant hose support.
