# 2021: WHAT'S NEW

## INNOVATION NEVER RESTS

For the past decade, we've been introducing the sport of snow biking to the world. We've worked to blend the speed and agility of your dirtbike with the terrain capabilities of a snowmobile. For 2021, we're continuing that tradition with more models that suit more riders. Ride with us.

### TIMBERSLED 120sx BORN TO RACE. BUILT TO WIN.

The Timbersled 120SX is a SnowCheck exclusive, race-inspired version of our ultra successful 120R Timbersled kit. Lightweight components and exclusive FOX® Racing suspension makes this the most capable racer on the track.

### TIMBERSLED VELOCITY MODELS TIMBERSLED RIOT 120 VELOCITY // TIMBERSLED ARO 3 VELOCITY

Introducing two new ultra-premium Velocity models. The ARO 3 and RIOT Velocity models bring top-shelf suspension for the ultimate in performance snow bike riding. In addition, both kits feature lightweight drivetrain components from our race program, putting the power down even faster.

### TIMBERSLED SMODELS TIMBERSLED RIOT 120 S // TIMBERSLED ARO 129 S

Enter the Timbersled RIOT and Timbersled ARO S. All the performance and fun of a Timbersled, now with a 3" lower seat height.

This smaller size is a big deal, with an easy to ride, easy to control Timbersled now available to all riders. Lowering the center of gravity transforms the handling and stability, opening the door for new and experienced riders alike to experience the fastest growing sport on snow.

Shown with Optional Accessories: Timbersled TRIO,  
Timbersled Fuel Can, Expandable Essentials Bag,  
Sub-Frame Bag, Number Plate Bag, Handlebar Gauntlets

"TRIO ALLOWS YOU TO EASILY  
TUNE YOUR FRONT END WITHOUT  
THE NEED FOR A REVALVE."

— CURT HOFKINS, TIMBERSLED AMBASSADOR

# TIMBERSLED ARO3

THE BEST DEEP SNOW BIKES IN THE BACKCOUNTRY.

**3" Timbersled Traverse 3 Track** Climb the highest mountains in the deepest snow with the industry's first 3" track.  
This snow bike-specific track provides ultimate performance in deep snow conditions with increased flotation and traction.

## TIMBERSLED ARO3 VELOCITY

DEEP POWDER DOMINANCE.

- Timbersled ARO Chassis and Suspension
- NEW 129" x 11.5" x 3.0" Timbersled Traverse Track
- 11.5" Timbersled Traverse Ski and Spindle
- Walker Evans Velocity Shocks
- Race Inspired Lightweight Drivetrain
- 5 Color Choices Available:  
Black, White, Orange, Red, Blue

**NEW Walker Evans Velocity Shocks** The all-new Walker Evans Velocity shocks are the most premium, high performance shocks ever offered on a Timbersled. Through the position sensitive needle and tuned remote reservoir design, they offer superior feel and bottom out resistance. High and low speed compression adjustment allow the shock to be fine-tuned for any terrain.

POLARIS  
**TIMBERSLED**

## TIMBERSLED ARO3 LE

DEEP POWDER DOMINANCE.

- Timbersled ARO Chassis and Suspension
- NEW 129" x 11.5" x 3.0" Timbersled Traverse Track
- 11.5" Timbersled Traverse Ski and Spindle
- FOX® QS3® Shocks
- 5 Color Choices Available:  
Black, White, Orange, Red, Blue

WHAT MAKES AN

# ARO

The Timbersled ARO platform revolutionized the snow bike industry. It optimizes a bike's performance by making more efficient use of the engine's power, delivers easy and responsive handling, and dramatically improves deep-snow performance. The ARO platform was built with the rider in mind with the easiest install, best handling and industry leading durability.

## TIMBERSLED ARO129

UNMATCHED HANDLING. ULTIMATE VERSATILITY.

- Timbersled ARO Chassis and Suspension
- 129" x 11.5" x 2.5" Timbersled Traverse Track
- 11.5" Timbersled Traverse Ski and Spindle
- Timbersled IFP Shocks

AVAILABLE IN LIMITED EDITION MODELS

### TIMBERSLED ARO 129LE

- FOX® QS3® Shocks
- Exclusive Color Options:  
Black, White, Orange, Red, Blue

POLARIS

# WHY TIMBERSLED?

# EASIEST TO RIDE. EASIEST TO OWN. TIMBERSLED.

Since 2010 Timbersled has led the industry, developing and revolutionizing the sport of snow biking. With a passion for performance, innovation and the backing of 65 years of powersports experience, we continue to forge into uncharted territory.

## MORE OPPORTUNITIES

For many riders, snow biking is a new sport. Experienced riders are always looking for their next adventure. From demo events, Dealer Test Rides, Ambassadors or rental opportunities, we want everyone to learn about and experience this great sport. Learn more at [timbersled.com](http://timbersled.com)

## MORE MODELS

We take pride in building a full range of systems that fit a wide range of modern motocross and off-road dirt bikes. From the intro level Ripper to the X-Games proven 120R, we are uniquely focused on building what riders demand.

## MORE SUPPORT

We're proud to be backed by Polaris, the world leader in powersports engineering and design. Easily integrated, industry leading accessories and an extensive dealer network make it clear Timbersled is the easiest ownership experience.

### TIMBERSLED TOUGH PERFORMANCE STANDARDS FEATURED ON ALL RIOT & ARO KITS

#### TIMBERSLED TRAVERSE SKI

Tri-keel shape provides a better grip and precise handling. Ski allows for better lean angles on hard-pack and more control in deep snow.

#### EASY INSTALL

True bolt-on design makes it the easiest to install and convert. The pre-bled brake system combined with no air box modifications and no drilling to the spindle translates to quicker, easier changeovers.

#### 1:1 SKI/TRACK RATIO

The track follows the path established by the ski and yields precise sidehilling and carving.

#### TIMBERSLED BRAKE SYSTEM

Complete pre-bled brake system with Brembo® Master Cylinder provides consistent braking performance on all bikes.

"WHEN IT'S BELOW FREEZING,  
YOU CAN BET I'M GLAD I RIDE  
WITH GAUNTLETS."

— REAGAN SIEG, TIMBERSLED ATHLETE

Shown with Optional Accessories: Timbersled TRIO,  
Timbersled Fuel Can, Expandable Essentials Bag,  
Sub-Frame Bag, Number Plate Bag, Handlebar Gauntlets

#### NEW Walker Evans Velocity Shocks

The all-new Walker Evans Velocity shocks are the most premium, high performance shocks ever offered on a Timbersled. Through the position sensitive needle and tuned remote reservoir design, they offer superior feel and bottom out resistance. High and low speed compression adjustment allow the shock to be fine-tuned for any terrain.

#### WHAT MAKES A RIOT INDUSTRY LEADING FUN FACTOR

# RIOT

The Timbersled RIOT combines proven Timbersled ARO technology with a Timbersled RIOT specific-patented rear suspension to create a dirt bike-like experience on the snow. The Timbersled RIOT was born ready to wheelie, climb, or make a split-second line change. It's a riot in the meadows, on the trails, or in the mountains. In fact, it's a riot wherever you ride.

### TIMBERSLED RIOT120VELOCITY

ULTIMATE DIRT BIKE-LIKE EXPERIENCE

- Timbersled RIOT Chassis and Suspension
- 120" x 11.5" x 2.5" Timbersled RIOT Track
- 11.5" Timbersled Traverse Ski and Spindle
- Timbersled RIOT-Tuned Walker Evans Velocity Shocks
- Race Inspired Lightweight Drivetrain

### TIMBERSLED RIOT120LE

ULTIMATE DIRT BIKE-LIKE EXPERIENCE

- Timbersled RIOT Chassis and Suspension

- 11.5" Timbersled Traverse Ski and Spindle
- Timbersled RIOT-Tuned Timbersled IFP Shocks

# TIMBERSLED RIOT120

THE MOST DIRT BIKE-LIKE FEEL ON SNOW.

WHAT MAKES AN  
**S MODEL**

The S Models are new for 2021. Built on platforms that have revolutionized the snow bike industry. They bring you all the great attributes of a Timbersled RIOT or Timbersled ARO but they do it in a more approachable package. Featuring a 3" lower seat height, they not only create a lower standover height allowing riders of all heights to ride, but create a lower center of gravity for unmatched agility and cornering.

**3" LOWER SEAT HEIGHT**  
THAN STANDARD TIMBERSLED RIOT

**FOR 2021, WE INTRODUCE THE ALL-NEW S MODELS. WE LOWERED THE SEAT HEIGHT AND RAISED THE BAR ON AGILITY AND CORNERING.**

**3" LOWER SEAT HEIGHT**  
More approachable stance and Increased confidence

**INCREASED CONTROL**  
Lower center of gravity and increased agility

**IMPROVED EFFICIENCY**  
Maximized for 250cc performance and response

**“NOTHING IS MORE MANEUVERABLE AND QUICKER SIDE TO SIDE.”**  
- LEVI LAVALLEE AFTER RIDING THE TIMBERSLED RIOT S

TIMBERSLED  
**RIOT 120s**  
ULTIMATE DIRT BIKE EXPERIENCE

- Timbersled RIOT S Chassis and Suspension
- 120" x 11.5" x 2.5" Timbersled RIOT Track
- 11.5" Timbersled Traverse Ski and Spindle
- Timbersled RIOT-Tuned Timbersled IFP Shocks

AVAILABLE IN LIMITED EDITION MODELS

**TIMBERSLED RIOT 120 S LE**

- FOX® QS3® Shocks
- Exclusive Color Options:  
Black, White, Orange, Red, Blue

TIMBERSLED  
**ARO 129s**  
UNMATCHED HANDLING. ULTIMATE VERSATILITY.

- Timbersled ARO S Chassis and Suspension
- 129" x 11.5" x 2.5" Timbersled Traverse Track
- 11.5" Timbersled Traverse Ski and Spindle
- Timbersled IFP Shocks

PERFORMANCE // STORAGE // SAFETY

# TIMBERSLED

We build accessories every rider needs to elevate their ride. Genuine Timbersled accessories are the best choice because they are designed specifically for Timbersled models, they install seamlessly and provide our riders with the highest levels of style, durability, and performance.

## ESSENTIAL STORAGE OPTIONS

**[A] NEW NUMBER PLATE BAG 2884719**

- All-new attachment system makes install and removal easier than ever
- Compression molded front design with accordion style opening to provide easier access to contents
- Padded internal pockets for electronics, internal storage dividers for tools

**[B] TIMBERSLED RIOT STORAGE BAG 2884310**

- Tunnel storage for front of RIOT tunnel has side access to contents and a water-resistant/compression molded design

**[C] NEW SUB-FRAME BAG 2884691**

- All-new attachment system makes install and removal easier than ever
- Easily attaches onto the sub-frame extrusion of the ARO chassis
- Protective waterproof sub-frame bag, perfectly fits Timbersled Tool Roll

**[D] TOOL ROLL 2883652**

- 17 different compartments for your gear, you'll have everything you need at your disposal to make a quick repair and get back on your bike

**[E] NEW EXPANDABLE TUNNEL BAG 2884960**

- All-new attachment system makes install and removal easier than ever
- Made of waterproof compression-molded nylon with an expandable accordion-style top for increased capacity
- Interior Velcro® straps to secure your cargo

**[F] DRY BAG 2883794 LARGE / 2883793 SMALL**

- Roll top design, with welded seams

FIND EVERYTHING YOU NEED  
FOR SNOW BIKING AT [TIMBERSLED.COM](https://timbersled.com)

## ESSENTIAL PERFORMANCE OPTIONS

**[G] HEATED HANDLEBARS 2884328**

- Custom Pro-Taper® bars specifically engineered for a more comfortable ride, runs off engine coolant, not reliant on electrical system of bike
- Thermostat (2884180) sold separately for bikes not originally equipped

**[H] HANDLEBAR GAUNTLETS 2883651**

- Provide a rider's hand with protection from wind, cold, and obstacles
- Can be installed on snow bikes with handguards and are made of durable compression-molded nylon

**[I] TIMBERSLED TRIO FRONT SHOCK 2883316**

- Delivers a smoother, more comfortable ride — helps prevent harsh bottoming and increase fork seal life
- Installation requires bike-specific mount

**[J] STUD BOY® DEUCE CENTER SKAG 2884022**

- Patented dual carbide design adds carbides to center skags for longer life and truer tracking to reduce darting

**[K] TIMBERSLED FUEL CAN - 2.9 GAL 2883575**

- Includes Install Kit and Shield to protect from exhaust heat
- EPA, CSA & ASTM-certified design, drop tested to -40°C

**[L] REAR BUMPER 2883657-XXX**

- Sturdy, powder-coated steel, available in 5 colors

**[M] TIMBERSLED ARO ICE SCRATCHERS 2883284**

- Fasten to the rails to throw ice chips into the suspension providing lubrication to the hi-fax

**[N] TIMBERSLED ARO SNOW FLAP 2883796**

- Helps reduce debris and roost from track

## ESSENTIAL TRANSPORT OPTIONS

**[O] PIVOT DOLLY 2883062**

- Easily maneuver your bike when not in use
- Made of powder-coated steel, attaches within seconds to your ARO spindle
- Simplifies loading/unloading.

**[P] ALL SPORT RAMP PRO 2882594**

- Supports up to 1500 pounds
- The aluminum surface is “decked” with Caliber’s® exclusive Low Pro Grip Glides providing a slippery surface for the ski to glide on, but plenty of traction for the track and your boots “walk-up” the incline

**[Q] 120 CANVAS COVER 2882587  
129/137 CANVAS COVER 2882588**

- Durable 10oz. Canvas
- Full coverage design, custom cut and sewn for a snug fit that won't flap in the wind

**[R] TIMBERSLED QUICK COVER 2883649**

- Durable Canvas
- Provides protection for front of bike only

## TIMBERSLED RIPPER

FAMILY FUN RIDING. TIMBERSLED PERFORMANCE.

- Fits 110cc Kawasaki®, Yamaha®, Honda®
- Aggressive Dual Arm Rear Suspension
- 6.5" x 93" x 1.25" Timbersled Ripper Track
- RydeFX® MPV Shocks
- Timbersled Ripper Front Ski
- No Hyfax = Low-Snow Rideability
- 2.5" Adjustable Seat Height
- Impressive Performance and Traction

# BUILD YOUR SNOW BIKE

**A TIMBERSLED SYSTEM ALLOWS YOU  
TO CONVERT YOUR BIKE FROM DIRT  
TO SNOW AND BACK SO THAT YOU  
CAN RIDE YEAR-ROUND.**

### INSTALL KITS

- Timbersled systems are universal and require an install kit that is dirt bike specific.

Once you choose your Timbersled system, the next step is to choose your install kit. Install kits are bike-specific components to connect the track and ski to your bike. Two options are available and both come with specific installation components for your bike and Timbersled system.

Timbersled Fixed Strut (TFS) Install Kit: Attaches your Timbersled system to your specific bike. Specific strut rod lengths ensure you get the most out of your Timbersled conversion kit.

Timbersled Suspension Strut (TSS) Install Kit: includes an upgraded shock and adds up to 8.5" more rear suspension travel for performance-minded riders.

[www.timbersled.com/en-us/install-kits/](http://www.timbersled.com/en-us/install-kits/)
