TIMBERSLED

2023 SNOW BIKE SYSTEMS

**RIDE
YOUR
WINTER.**

ANYWHERE YOU WANT TO GO.

WE'VE SAID IT FOR YEARS, AND WE'LL CONTINUE TO SAY IT. BECAUSE IT'S TRUE. WE DO THINGS THAT YOU COME ACROSS EVERYDAY IN THE BACKCOUNTRY. GO INTO THE STEEP, SIDEHILLS, TIGHT WOODS AND COME BACK SWINGING FOR MORE. WE HELP YOU GET YOUR DIRT BIKE FIX ALL SEASON LONG. THAT FEEL OF WINDING SINGLE TRACK - MINUS THE DUST, MUD OR SWELTERING HUMIDITY. THAT'S WHAT ANYWHERE YOU WANT TO GO MEANS TO US AND OUR LOYAL GROUP OF TIMBERSLED RIDERS.

WHAT WILL IT MEAN TO YOU?

POLARIS
TIMBERSLED

TIMBERSLED 2023

GIVING YOU MORE OPTIONS SO YOU CAN GO ANYWHERE.

Your bike choice and kit choice are as unique as the line you pull. At Timbersled we understand this and aim to give you the options to build your perfect kit. Choose the right kit for your riding style, then choose the perfect track and shock package that is going to perform best for where and how you ride.

2023 MODEL OPTIONS

STANDARD MODEL

AVAILABLE ON RIOT + ARO

The standard ride height models are purpose built for extreme terrain, with clearance for steep sidehills and full travel for drops, jumps and whooped trails.

S MODEL

AVAILABLE ON RIOT + ARO

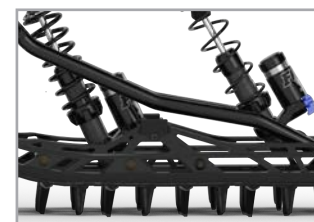

Built with a 3" lower seat height creating a confidence-inspiring ride that enables the rider to dominate the snow with ease and agility.

2023 TRIM PACKAGE OPTIONS

PRO MODELS

The ultimate Timbersled for extreme terrain, the SnowCheck Exclusive PRO trim features top of the line adjustable FOX® QS3® IBP shocks, QDT for optimal snow performance, lightweight components, a 3" track, and exclusive colors and graphics.

PREMIUM MODELS

Tackle any terrain on premium Timbersled models that come standard featuring FOX® QS3® shocks with an easy, three click compression adjustment and unique 2.5" or 3" track features.

SPORT MODELS

Experience the adventure and adrenaline of a Timbersled, with Timbersled Technology and proven IFP coilover shocks made with a durable design for consistent suspension performance.

DIRT BIKE. SNOW BIKE. YOUR BIKE.

OPPORTUNITIES For many riders, snow biking is a new sport. Experienced riders are always looking for their next adventure. From demo events, Dealer Test Rides, Ambassadors or rental opportunities, we want everyone to learn about and experience this great sport. Learn more at timbersled.com

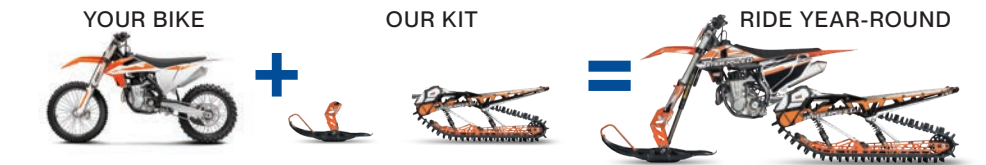

EXPERIENCES We take pride in building a full range of systems that fit a wide range of modern motocross and off-road dirt bikes. From the intro level Ripper to the X-Games proven 120R, we are uniquely focused on building what riders demand.

SUPPORT We're proud to be backed by Polaris, the world leader in powersports engineering and design. Easily integrated, industry leading accessories and an extensive dealer network make it clear Timbersled is the easiest ownership experience.

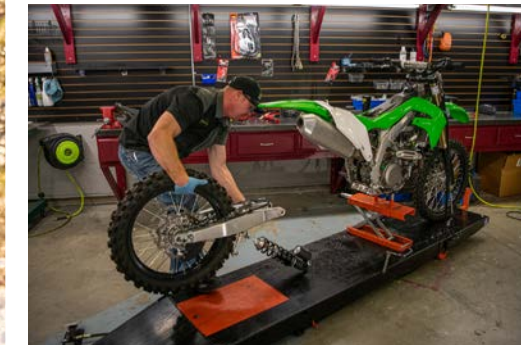

POLARIS
TIMBERSLED

ANYWHERE YOU WANT TO GO - ALL YEAR

TRUE BOLT-ON DESIGN The easiest to install and convert. A pre-bled brake system, no air box modifications and no drilling to the spindle translates to quicker, easier changeovers.

TIMBERSLED ARO 3

DEEP SNOW PRECISION IN THE BACKCOUNTRY.

Climb the steepest mountains in the deepest snow. Designed for ultimate performance and ease of handling in steep terrain without sacrificing power or playfulness.

NEW FOR '23 ARO GEN 2 PLATFORM Take riding to the extreme with the new Gen 2 platform. This new suspension design has an overall 12lb weight reduction with a lightweight narrow single-arm design and a narrow rail system that capitalizes on effortless handling and precision in the backcountry.

NEW FOR '23 QDT DRIVE SYSTEM QuickDrive for Timbersled provides riders with the most durable belt drive system in the industry. Delivering top performance featuring hardened steel sprockets, a quicker spool for faster power delivery and 48% reduction in inertia. QDT is included in ARO Pro models only during SnowCheck.

"THE ARO 3 GEN 2 IS
NEXT LEVEL. LIGHTER,
QUICKER SPOOLING
AND EVEN MORE AGILE."

—TREVYN NEWPHER, TIMBERSLED AMBASSADOR

TIMBERSLED ARO 3 MODEL

HOW TO BUILD A SNOW BIKE

TIMBERSLED SYSTEMS ARE UNIVERSAL AND REQUIRE A DIRT BIKE-SPECIFIC INSTALL KIT.

Two options are available for connecting the track and ski to your dirt bike, and both come with specific installation components.

TFS

TIMBERSLED
FIXED STRUT
INSTALL KIT

Bike-specific parts kit that attaches your Timbersled to your dirt bike. Specific strut rod lengths ensure you get the most out of your Timbersled conversion kit.

IF YOU HAVE QUESTIONS CALL 888-588-6326
AVAILABLE 11:00 A.M. - 5:00 P.M. PST. MONDAY - FRIDAY

TSS

TIMBERSLED
SUSPENSION
STRUT
INSTALL KIT

Includes an upgraded shock and adds up to 8.5" more rear suspension travel for performance-minded riders.

TIMBERSLED RIPPER

FAMILY FUN RIDING.
TIMBERSLED PERFORMANCE.

Enjoy the Timbersled Experience on your Favorite 110cc Bike. The Timbersled Ripper is designed for more family fun riding with great on- and off-trail performance. It is a great entry kit into snow biking designed for all riders.

TIMBERSLED RIPPER MODEL

- Fits 110cc Kawasaki®, Yamaha®, Honda®
- Aggressive Dual Arm Rear Suspension

WE ARE → SNOW BIKING.

WELCOME TO TIMBERSLED! WE'RE EXCITED THAT YOU'VE CHOSEN TO RIDE WITH US! YOUR DIRT BIKE IS DESIGNED TO RIP ON DIRT, BUT WITH A TIMBERSLED KIT AND A FEW SIMPLE MODIFICATIONS, YOU CAN SHRED MOUNTAIN PEAKS AND BOTTOMLESS SNOW ALL WINTER LONG! WE HAVE CREATED THIS GUIDE TO HELP YOU UNLOCK YOUR TIMBERSLED'S FULL POTENTIAL.

RECOMMENDED ADD-ONS AND ACCESSORIES

1

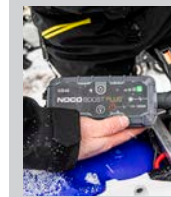

AIR INTAKE

- Prefilters: Bike specific, see list
- TSS intake: 2882639

The foam air filter in your dirt bike is designed for tiny particles of dust, not the moisture of snow. The best way to keep the snow and moisture out is a prefilter, which fits over the top of a dry foam filter. Learn more about your filter options on page 30.

2

ELECTRICAL SYSTEM

- Batteries: See dealer
- Jump Pack Adaptor: 2830546

Electric start bikes with lightweight, Lithium Ion batteries are great for summer months, but can struggle in the extreme cold. Some can use a larger lead acid battery, with more Cold Cranking Amps. Our Jump Pack Extender harness is a great addition, as it allows a jump pack to be used with quick access to help start the engine. Learn more on page 26.

3

THERMOSTAT

- Thermostat: 2884180

Your dirt bike engine runs best when it's at the optimal temp. If your bike didn't come with a thermostat, you can easily add one and ensure your bike maintains temp whatever the weather. The Timbersled Thermostat installs easily in the cooling system. Learn more on page 21.

4

OIL

- Timbersled 0W-40 Oil: 2883483

The proper oil is critical for 4-stroke dirt bike engines. Snow bike engines experience significant temperature fluctuations, resulting in abnormal moisture build up. The Timbersled 0W-40 has been specifically engineered for the demands of a snow bike, and is a key to snow bike engine durability and performance. Learn more on page 31.

NEXT LEVEL ADD-ONS AND ACCESSORIES

Once you've built your snow bike with the essentials, riders ask what's next? What else can I add to enhance my riding setup? We've been doing this for over a decade and know that a few key Timbersled Engineered accessories will ensure you have the best experience on the snow. From performance and comfort to storage for all your gear, Timbersled Engineered accessories have you covered.

TIMBERSLED

ONLY THE RIGHT PARTS

(A) SEAT CONCEPTS ELEMENT SEATS \$359.99 US // \$460.99 CAD

The ultimate tool for any off-road enthusiast. Whether you're an aggressive rider looking to get more traction along with unmatched comfort or fighting off a waterlogged seat in the summer and an ice block in the winter. The Element seat comes with four traction ribs at the rear to keep you firmly planted in the cockpit comprised entirely of our gripper material. Secondly, each Element seat comes seam sealed from the inside to prevent water from penetrating into the foam. We don't stop there, before the cover is installed each foam is covered with a thin water barrier as added protection from the elements. Rain...Snow...Mud or anywhere in between the Element seat is a must have for year-round use.

- Constructed using a proprietary foam material that is a much higher quality than OEM. Provides a more plush and active ride, while still offering the necessary support.

- Unique comfort shape maintains a similar contour to stock at the front of the seat so the rider's legs are not spread farther apart, but tapers out towards the mid-point to distribute rider weight over a greater area.

(A) NEW GL REVELSTOKE DRY BAG™
2889753 \$89.99 US // \$111.99 CAD

The Revelstoke is Giant Loop's crossover roll-top dry bag that works on multiple vehicle types due to its versatile small rectangular shape that mounts to virtually any motorcycle, snowmobile, snowbike, UTV, or ATV for quick and easy access to gear.

With its 100% waterproof, mudproof, dustproof, and snowproof design, the Revelstoke delivers 16 liters of storage in a slim, trim profile. Ideal for carrying trail essentials such as extra layers, emergency supplies, snacks, tools, and other small items.

(B) NEW GL FENDER BAG
2889754 \$65.00 US // \$80.99 CAD

Possibly the ONLY waterproof, dustproof, mudproof, snowproof Fender Bag + Number Plate Bag available today, Giant Loop's adventure proof version offers secure connections for most dirt bike plastics. When properly installed, it's there to stay no matter what! Sized to fit a full length set of tire irons and other relatively small, lightweight essentials, such as spare inner tube, CO2 inflator, spare gloves, etc.

(C) NEW POSSIBLES POUCH™
2889755 \$50.00 US // \$61.99 CAD

Giant Loop's 100% waterproof, dustproof, mudproof roll-top Possibles Pouch makes external pockets for MoJavi Saddlebag, Coyote Saddlebag, Great Basin Saddlebag and MotoTrek Panniers. With 3.5-liters of packable volume — enough capacity for a full set of tire irons, a spare tube, compressor, tools, gloves or other small essentials. Possible Pouches secure to engine guards (KTM 1090/1190/1290 Adventure and many others) with included webbing straps. Perfect for off-the-bike adventures too — paddlesports, rafting, kayaking, SUPs! Add Giant Loop's bolt-on Tail Rack for an instant trail riding solution that gets the weight off your body and onto the bike for improved performance and less fatigue.

(D) NEW GL MOJAVI SADDLEBAG W/MOUNT
2889756 \$229.00 US // \$283.99 CAD

The MoJavi is a rackless, rugged saddlebag designed to transport the essentials on aggressive, off-road rides by carrying gear on your bike, not in a backpack. With its slim, trim design, the MoJavi is ideal for inner tubes, tools, fluids, and other save-a-ride necessities while on a day trip or trail ride.

Take a load off and improve rider endurance and comfort by transferring weight from a backpack to your motorcycle with the rackless MoJavi Saddlebag Motorcycle Luggage System. Adventure Proof, sewn construction uses rugged materials and resists water, mud, snow and dust. Straps on and stays on—no matter what.

(E) NEW GL TANK BUCKIN ROLL
2889757 \$99.00 US // \$122.99 CAD

A slim, trim, minimalist tank bag designed to keep essentials close at hand while out of the way when riding the most technical singletrack. This easy-to-mount tank bag features fully welded construction with waterproof coated materials and provides 1.5 liters of packable volume for carrying a smartphone, wallet, snacks, smaller tools, or an extra pair of gloves.

An integrated clear smartphone pocket in the lid with electronics cable pass-through enables on-bike charging and power inside the bag. For those searching for the perfect tank bag for aggressive trail riding where quick, easy access to items is a priority, the Buckin' Roll is the ideal choice.

(F) NEW GL ZIG ZAG HANDLEBAR BAG
2889758 \$55.00 US // \$68.99 CAD

Our smallest bag yet — Giant Loop's Zigzag Handlebar Bag is the off-road glove box! Sometimes you only need the bare bones basics — wallet, phone, registration/insurance cards and other small items.

(G) NEW GL PRONGHORN STRAPS™
18" Pair 2889759 \$21.00 US // \$26.99 CAD

25" Pair 2889760 \$23.00 US // \$28.99 CAD

32" Pair 2889761 \$25.00 US // \$30.99 CAD

Giant Loop's Pronghorn Straps feature: Stamped aluminum buckles, length indicated on strap, arrows line up for easy fastening, metal buckle sheathed for scratch protection, buckle prong holds strap in place for pre-fitting and easy chaining together of straps. Color coded by length. Every motorcyclist, sledhead, snow biker, 4x4er and ATV/UTV/SXSer needs a handful of these multi-purpose, stretch polyurethane straps with virtually unbreakable fasteners. You'll find a million uses for these quick, solid, tough straps.

TIMBERSLED SUB-FRAME BAGS

(A) TUNNEL TOP STORAGE BAG 2884310 \$119.99 US // \$154.99 CAD

- Tri-glide attachment system quickly attaches to the front of the RIOT or '23 ARO 3 tunnel
- Quick attachment system
- Sheds snow
- Keeps gear dry and protected
- Now fits on 2023 ARO 3

(B) SUB-FRAME BAG 2884691 \$99.99 US // \$129.99 CAD

- Quick attach system allows for easier installation and removal, along with increased longevity in cold weather
- Safely store your belongings in this Sub-frame bag
- Attaches onto the sub-frame extrusion of the ARO chassis
- Completely waterproof, fully waterproof seam welded liner, with a roll-top design as well as molded bottom
- Fits all ARO 2018-2022, ARO 137 2023
- Does not work with RIOT or Mountain Horse Models

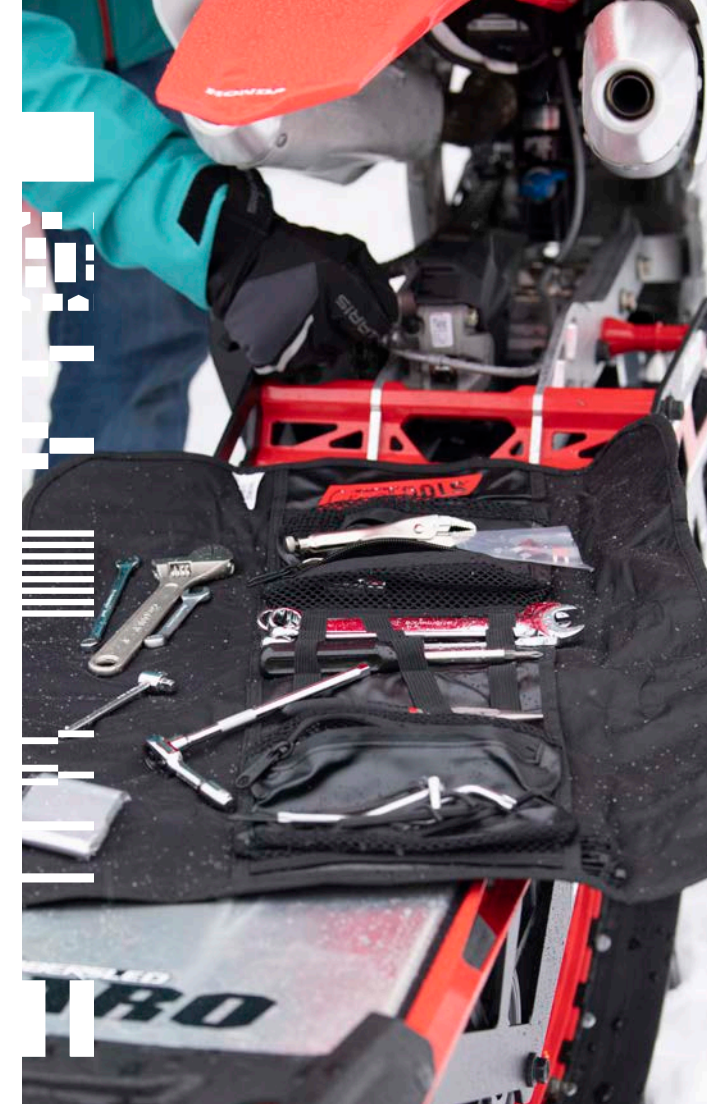

CruzTOOLS®

(C) CRUZ TOOLS® 2889281 \$159.99 US // \$209.99 CAD

This extensive tool kit has all of the tools you might need to fix your kit or bike when you're out riding. Designed to work with Timbersled Tool Roll Bag (2883652) sold separate or kitted (3880053).

- 1/4" Drive Mini Ratchet

- 1/4" Drive 2" Extension
- 1/4" Drive Sockets: 6mm, 8mm, 10mm, 12mm, 13mm
- 3/8" Drive Sockets: 15mm, 16mm, 17mm
- 1/4" to 3/8" Drive Adapter
- Combo Wrenches: 8mm, 12mm, 14mm, 15mm, 16mm
- Stubby Combo Wrenches: 10mm, 13mm
- 8" Adjustable Wrench
- Pliers: 6" Needle Nose with wire cutters & 5" Locking Pliers
- Torx Keys: T20, T25, T27, T30, T40, T45
- Hex Keys: 2.5mm, 3mm, 4mm, 5mm, 6mm, 1/4"
- 6-in-1 Screwdriver
- Fuses: 10 amp ATM, 10 amp ATC
- Zip Ties: 6", 8"
- Travel Duct Tape & Mechanics Wire
- Loctite® 242 (Medium) Mini Tube

(D) TOOL ROLL BAG 2883652 \$49.99 US // \$69.99 CAD

- 16 differently sized compartments
- Provides plenty of room to store and organize your tools
- Designed with flaps to cover your tools while you work
- Fits perfectly in our sub-frame bag and small drybag
- Includes reflective stitching for increased visibility
- Tools sold separately

(E) NEW CRUZ® TOOL KIT WITH TOOL ROLL BAG 3880053 \$209.99 US // \$268.99 CAD

- Bag features 16 differently sized compartments
- Includes Cruz Tools® shown above

TIMBERSLED PROTECTION & SAFETY

(A) JUMP PACK

2830547 \$124.⁹⁹ US // \$169.⁹⁹ CAD

- 1,000 Amp UltraSafe Lithium Jump Starter
- Portable lithium-ion battery jump starter pack that delivers 1,000-amps for jump starting a dead battery in seconds.

(B) JUMP PACK PROTECTION CASE

2830548 \$18.⁹⁹ US // \$26.⁹⁹ CAD

- Lightweight, durable, and rugged custom exterior that offers protection from moisture, impact, dust, and environmental factors.

(C) JUMP PACK EXTENDER

2830546 \$23.⁹⁹ US // \$31.⁹⁹ CAD

- Jump pack extender gives easier access to your battery if a jump is needed
- Connects directly to the battery itself
- Not necessary to remove your seat using this extender
- Compatible with Jump Pack (2830547)

TIMBERSLED TRANSPORTATION

(A) PIVOT DOLLY 2883062 \$349.99 US // \$454.99 CAD

- Easily maneuver or load your bike whenever you need to
- Install included spindle across shaft using 2 bolts and pre-drilled holes on your ARO or RIOT spindle
- Can attach within seconds
- Easy to use
- Unique pivot system allows locking in a stable position
- Unlock for more maneuverability
- Made of powder-coated steel
- Does Not Work With Mountain Horse Spindle

(B) WHEEL DOLLY MOUNT BAR 2208170 \$19.99 US // \$23.99 CAD

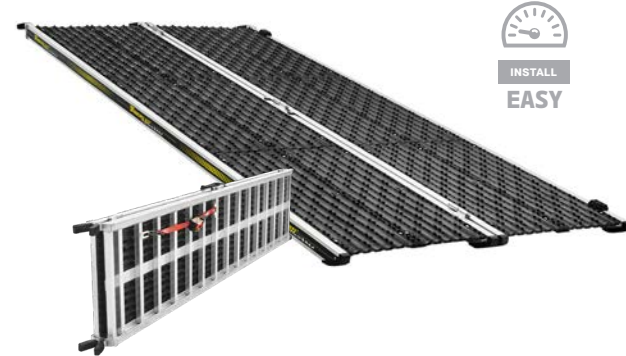

- Attaches to spindle
- Includes bolts
- Use as a replacement or use on an extra bike, allows you to use one pivot dolly for multiple bikes

(C) WHEEL DOLLY REPLACEMENT PIN 2208891 \$15.99 US // \$21.99 CAD

(D) REPLACEMENT TUBE 2209277 \$19.99 US // \$26.29 CAD

(E) ALL SPORT RAMP PRO 2882594 \$399.99 US // \$549.99 CAD

- Transport your Timbersled® with any pickup with our All Sport Ramp Pro
- Designed in coordination with snowmobile transport experts
- Bi-fold aluminum and composite ramp weighs just 52lbs.
- Can support up to 1500 lbs.
- The aluminum surface is "decked" with Caliber's® exclusive Low Pro Grip Glides providing a slippery surface for the ski to glide on, but plenty of traction for the track and your boots "walk-up" the incline

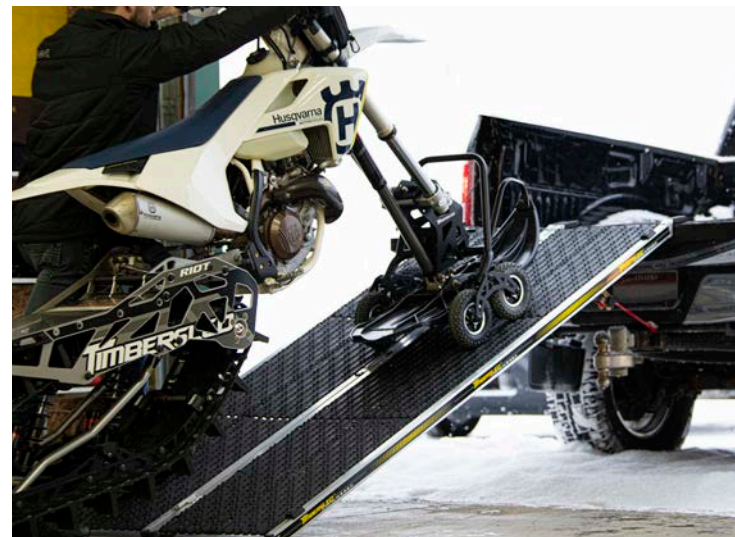

(F) CANVAS COVERS

- Available in both 120 in. and 129/137 in. lengths
- Each cover is custom cut and sewn for a snug fit
- Gas Cap Access allows you to fill without uncovering bikes
- Durable material features a UV coating and provides rugged protection from rain, sleet, snow, road grime and more
- Large Velcro®-secured openings allow tie-down straps to pass through cover

120 2882587 \$229.99 US // \$309.99 CAD

129/137 2882588 \$229.99 US // \$309.99 CAD

AIR INTAKE FOR BIKES WITH TSS SUSPENSION

(A) TSS AIR INTAKE 2882639 \$229.⁰⁰ US // \$298.⁹⁹ CAD

- Better breathability in deep powder snow
- Remove air box and replace with TSS intake to keep bike running better in cold dry snow

INCLUDES:
(2207146) FILTER-PRE AIR INTAKE TSS
(2207147) HOSE-AIR FILTER BASE TSS
(2207148) COUPLER-AIR TSS

INDIVIDUAL REPLACEMENT PARTS

FILTER-PRE AIR INTAKE TSS 2207146 \$34.⁹⁹ US // \$46.⁷⁹ CAD

REQUIRED FOR MOUNTAIN HORSE TSS FITMENT *Not required, but recommended for ARO TSS fitment

PRE-FILTERS FOR BIKES WITH STOCK AIRBOXES

INSTALL
EASY

(B) OUTERWEARS PRE-FILTER

- Keeps out larger particles of debris
- Filters out particles as small as .005"
- Installs over the airbox cage inside stock airbox

UNIVERSAL PREFILTER

2882641 \$29.⁰⁰ US // \$39.⁹⁹ CAD

- OuterWears part number 20-1209-01
- Shown in picture
- Fits Late Model Kawasaki and Suzuki
- Fits most older dirt bikes with single center bolt in air filter

HONDA PREFILTER

2884633 \$19.⁹⁹ US // \$25.⁹⁹ CAD

- OuterWears part number 20-3192
- Fits 2017-2020 CRF450R, X and RX models
- Fits 2022 CRF450RS

KTM / HUSQVARNA / GASGAS PREFILTER

2884635 \$19.⁹⁹ US // \$25.⁹⁹ CAD

- OuterWears part number 20-3198
- Fits Most All 2016-2022
- KTM: SX-F, XC-F, XCW, EXC
- Husqvarna: FX, FE, FC, TX, TE, TC
- GasGas: MC, EC, EX

YAMAHA PREFILTER

2884638 \$19.⁹⁹ US // \$25.⁹⁹ CAD

- OuterWears part number 20-3205
- Fits 2018-2022 YZ450F
- Fits 2019-2022 WR450F

YAMAHA PREFILTER

2884636 \$19.⁹⁹ US // \$25.⁹⁹ CAD

- OuterWears part number 20-3206
- Fits 2010-2017 YZ450F
- Fits 2016-2018 WR450R

(C) CHAIN LUBRICANT

2889461 \$12.⁹⁹ US // \$16.⁹⁹ CAD

- Designed for Timbersled drive chain
- Excellent cold weather performance and protection
- Wax-style lubricant displaces moisture and protects against rust and corrosion
- Protects from friction and wear to extend life of chain and sprockets
- Safe to use on all X, Z, and O-ring chains

(E) FULL SYNTHETIC OW-40 4-STROKE ENGINE OIL

2883483 \$18.⁹⁹ US // \$20.⁹⁹ CAD

- 100% PAO and Ester full-synthetic base stock formula resists shear and protects in extreme conditions
- OW-40 formula offers easy starting in extreme cold
- Optimized clutch additives help prevent slippage and glazing
- Meets JASO MA/MA2FULL
- Advanced moisture control additives protect engine from wear and corrosion
- The only oil specifically engineered for 4-stroke Snow Bikes
- 4X more corrosion protection

(D) REKLUSE RADIUS

- Prevents engine stalls
- Increased power transfer over OEM
- New internal adjuster with revised pressure plate design provides improved lever performance
- Option to adjust installed gap internally or externally
- Fully tunable to suit rider and/or terrain
- Longer clutch pack life with less adjustment over time
- Proprietary billet components offer superior durability
- Cooler operating temperatures and incredibly efficient clutching provides extended clutch life

STARTING AT \$999.⁰⁰ US // \$1,299.⁹⁹ CAD

THE TIMBERSLED TRIO PROVIDES EASY,
BOLT-ON
PERFORMANCE

(A) TRIO FRONT SHOCK

UPDATED FOR 2022 TRIO FRONT SHOCK 2883316
NEW FOR 2022 TRIO S FRONT SHOCK 2889245
\$899.99 US // \$1,169.99 CAD

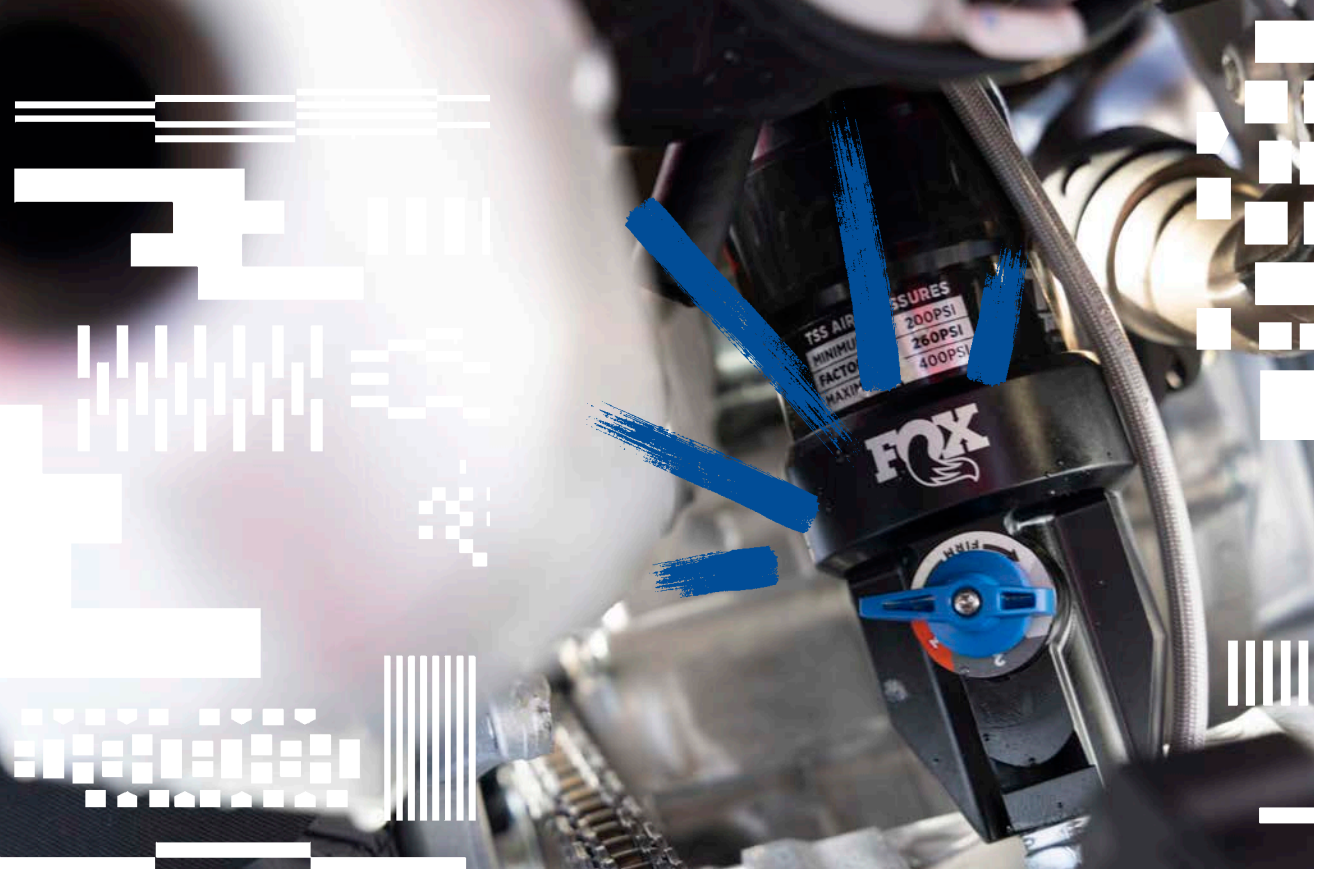

- Offers improved performance, handling and control as well as a smoother, more comfortable ride
- Provides the correct spring rate and dampening required for all terrains
- Installation is simple
- Supplemental front shock bolts directly to the TimbersledARO/Timbersled RIOT spindle and dirt bike with the installation kit (sold separately)
- This patented accessory works with all snow bike kits once upgraded to the Timbersled ARO spindle/ski

(B) TIMBERSLED TRIO MOUNT KIT

\$59.99 US // \$83.99 CAD
KTM/HUSQVARNA® 2889246
HONDA® 2889247
YAMAHA® 2889248
KAWASAKI® 2889249
BETA 2883725
SHERCO 2889572

- NEW for 2022 - easier and quicker install of TRIO
- Required for TRIO Front Shock installation
- Easy installation and perfect fit

Shown Assembled

(C) TSS QSL UNIVERSAL

TIMBERSLED ARO/ TIMBERSLED RIOT: 2884797
MOUNTAIN HORSE: 2889240
\$899.99 US // \$1,116.99 CAD

- Quick Switch Lockout feature
- New internal geometry designed specifically for Timbersled ARO/ Timbersled RIOT requires less air pressure
- Improved damping and rebound control
- Infinitely adjustable air pressure for rider weight
- Comes with all components to fit all lengths required for any install kit (see fitment table for suggested lengths)
- Stronger and more durable trunnion ball joint (Timbersled ARO/ Timbersled RIOT only)

SEE PG. 30 FOR TSS AIR INTAKE

REQUIRED FOR MOUNTAIN HORSE TSS FITMENT
*Not required, but recommended for ARO TSS fitment

(D) TIMBERSLED QUICKDRIVE KIT (QDT)

2889797 Fits ALL ARO and RIOT 2018 to Current
\$649.99 US // \$831.99 CAD

QuickDrive for Timbersled provides riders with the most durable belt drive system in the industry. Delivering top performance featuring hardened steel sprockets, a quicker spool for faster power delivery and 48% reduction in inertia.

NOTE: Does NOT fit Mountain Horse or RAW.

(E) LOWERING KIT

TIMBERSLED ARO: 2884229
TIMBERSLED RIOT: 2889433
\$699.99 US // \$899.99 CAD

This kit lowers your standard ARO by 3" offering you unbeatable agility and confidence. The lower center of gravity paired with the precision of the ARO rear suspension creates a balanced, easy to ride snow bike. The 3" lower seat height of this Kit enables you to shred the mountains, trails, and meadows with agility.

- Kit lowers your standard Timbersled by 3"
- Improves confidence and control
- Agile and responsive steering and handling

Kit Lowers standard Timbersled ARO or Timbersled RIOT by 3".
S models come stock with these parts.
