POLARIS
TIMBERSLED

BUILT FOR THOSE THAT
**GO THEIR
OWN WAY.**

POLARIS
TIMBERSLED

ANYWHERE YOU WANT TO GO.

WE'VE SAID IT FOR YEARS,
AND WE'LL CONTINUE TO SAY
IT. BECAUSE IT'S TRUE. WE DO
THINGS THAT YOU COME ACROSS
EVERYDAY IN THE BACKCOUNTRY.
GO INTO THE STEEP, SIDEHILLS,
TIGHT WOODS AND COME BACK
SWINGING FOR MORE. WE HELP
YOU GET YOUR DIRT BIKE FIX ALL
SEASON LONG. THAT FEEL OF
WINDING SINGLE TRACK - MINUS
THE DUST, MUD OR SWELTERING
HUMIDITY. THAT'S WHAT ANYWHERE
YOU WANT TO GO MEANS TO
US AND OUR LOYAL GROUP OF
TIMBERSLED RIDERS.

WHAT WILL IT MEAN TO YOU?

DIRT BIKE. SNOW BIKE. YOUR BIKE.

TIMBERSLED IS HERE FOR SNOW BIKING

OPPORTUNITIES

For many riders, snow biking is a new sport. Experienced riders are always looking for their next adventure. From demo events, Dealer Test Rides, Ambassadors or rental opportunities, we want everyone to learn about and experience this great sport. Learn more at timbersled.com

EXPERIENCES

We take pride in building a full range of systems that fit a wide range of modern motocross and off-road dirt bikes. From the intro level Ripper to the X-Games proven 120R, we are uniquely focused on building what riders demand.

SUPPORT

We're proud to be backed by Polaris, the world leader in powersports engineering and design. Easily integrated, industry leading accessories and an extensive dealer network make it clear Timbersled is the easiest ownership experience.

ANYWHERE YOU WANT TO GO - ALL YEAR

YOUR BIKE + OUR KIT = RIDE YEAR-ROUND

TRUE BOLT-ON DESIGN The easiest to install and convert. A pre-bled brake system, no air box modifications and no drilling to the spindle translates to quicker, easier changeovers.

POLARIS
TIMBERSLED

TIMBERSLED 2024 MORE OPTIONS SO YOU CAN GO ANYWHERE.

Your bike choice and kit choice are as unique as the line you pull. At Timbersled we understand this and aim to give you the options to build your perfect kit. Choose the right kit for your riding style, then choose the perfect track and shock package that is going to perform best for where and how you ride.

2024 MODEL OPTIONS

STANDARD MODEL

AVAILABLE ON **RIOT + ARO**

The standard ride height models are purpose built for extreme terrain, with clearance for steep sidehills and full travel for drops, jumps and whooped trails.

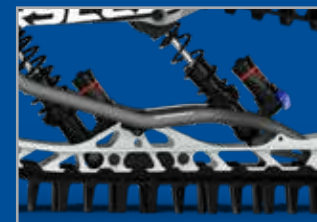

S MODEL

AVAILABLE ON **RIOT + ARO**

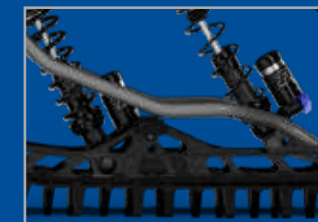

Built with up to a 3" lower seat height creating a confidence-inspiring ride that enables the rider to dominate the snow with ease and agility.

2024 TRIM PACKAGE OPTIONS

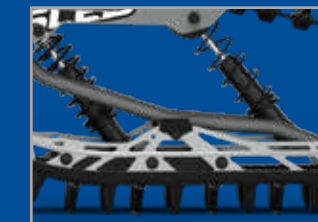

PRO MODELS

The ultimate Timbersled for extreme terrain, the SnowCheck Exclusive PRO trim features top of the line adjustable FOX® QS3® IBP shocks, QDT for optimal snow performance, lightweight components, a 3" track, and exclusive colors and graphics.

PREMIUM MODELS

Tackle any terrain on premium Timbersled models that come standard featuring FOX® QS3® shocks with an easy, three click compression adjustment and unique 2.5" or 3" track features.

SPORT MODELS

Experience the adventure and adrenaline of a Timbersled, with Timbersled Technology and proven IFP coilover shocks made with a durable design for consistent suspension performance.

ULTIMATE
DIRT BIKE LIKE
EXPERIENCE IN
DEEP SNOW.

**NEW FOR '24
RIOT GEN 2 PLATFORM** Take riding to the extreme with the new Gen 2 platform. This new suspension design has an overall 3lb weight reduction with a lightweight narrow single-arm design and a narrow rail system that gives it even more of the dirt bike feel that RIOT riders have been in search of.

TIMBERSLED RIOT 3

The Timbersled RIOT 3 Gen 2 delivers the most dirt bike-like experience on snow. Equipped with a 3" track, the Timbersled RIOT 3 is born ready to climb, wheelie, and jump through the deepest snow.

QDT DRIVE SYSTEM

QuickDrive for Timbersled provides riders with the most durable belt drive system in the industry. Delivering top performance featuring hardened steel sprockets, a quicker spool for faster power delivery and 48% reduction in inertia. QDT is available on RIOT Pro models during SnowCheck only.

TIMBERSLED RIOT 3 MODEL

- Timbersled RIOT Gen 2 Chassis and Suspension
- 129" x 11.5" x 3" Timbersled Gen 2 Track
- 11.5" Timbersled Traverse Ski and Spindle
- Timbersled RIOT-Tuned Shock Options
- Available in S Model

TIMBERSLED S MODEL The Timbersled RIOT 3 S features the fun factor and capability of the Timbersled RIOT 3, in an easier to ride, agile package. The up to 3" lower seat height creates a confidence inspiring ride, enabling the rider to dominate the deep snow with ease.

120R
BORN TO RACE. BUILT TO WIN.

The Timbersled® 120R is a race kit that is ultra-light, Timbersled tough, and showcases our relentless commitment to race leadership and innovation.

HOW TO
BUILD
A SNOW BIKE

TIMBERSLED SYSTEMS ARE UNIVERSAL AND REQUIRE A DIRT BIKE-SPECIFIC INSTALL KIT.

Two options are available for connecting the track and ski to your dirt bike, and both come with specific installation components.

TFS
TIMBERSLED
FIXED STRUT
INSTALL KIT

Bike-specific parts kit that attaches your Timbersled to your dirt bike. Specific strut rod lengths ensure you get the most out of your Timbersled conversion kit.

TSS
TIMBERSLED
SUSPENSION
STRUT
INSTALL KIT

Includes an upgraded shock and adds up to 8.5" more rear suspension travel for performance-minded riders.

IF YOU HAVE QUESTIONS CALL 888-588-6326
AVAILABLE 11:00 A.M. - 5:00 P.M. PST. MONDAY - FRIDAY

- TIMBERSLED RIPPER MODEL**
- Fits 110cc Kawasaki®, Yamaha®, Honda®
 - Aggressive Dual Arm Rear Suspension
 - 6.5" x 93" x 1.25" Timbersled Ripper Track
 - No Hyfax = Low-Snow Rideability
 - 2.5" Adjustable Seat Height

TIMBERSLED
RIPPER
FAMILY FUN RIDING.
TIMBERSLED PERFORMANCE.

Enjoy the Timbersled Experience on your Favorite 110cc Bike. The Timbersled Ripper is designed for more family fun riding with great on- and off-trail performance. It is a great entry kit into snow biking designed for all riders.

POLARIS
TIMBERSLED

WE ARE → SNOW BIKING.

WELCOME TO TIMBERSLED! WE'RE EXCITED THAT YOU'VE CHOSEN TO RIDE WITH US! YOUR DIRT BIKE IS DESIGNED TO RIP ON DIRT, BUT WITH A TIMBERSLED KIT AND A FEW SIMPLE MODIFICATIONS, YOU CAN SHRED MOUNTAIN PEAKS AND BOTTOMLESS SNOW ALL WINTER LONG! WE HAVE CREATED THIS GUIDE TO HELP YOU UNLOCK YOUR TIMBERSLED'S FULL POTENTIAL.

RECOMMENDED ADD-ONS AND ACCESSORIES

1

AIR INTAKE

- **Prefilters:** Bike specific, see list
- **TSS intake:** 2882639

The foam air filter in your dirt bike is designed for tiny particles of dust, not the moisture of snow. The best way to keep the snow and moisture out is a prefilter, which fits over the top of a dry foam filter. Learn more about your filter options on page 33.

2

ELECTRICAL SYSTEM

- **Batteries:** See dealer
- **Jump Pack Adaptor:** 2830546

Electric start bikes with lightweight, Lithium Ion batteries are great for summer months, but can struggle in the extreme cold. Some can use a larger lead acid battery, with more Cold Cranking Amps. Our Jump Pack Extender harness is a great addition, as it allows a jump pack to be used with quick access to help start the engine. Learn more on page 28.

3

THERMOSTAT

- **Thermostat:** 2884180

Your dirt bike engine runs best when it's at the optimal temp. If your bike didn't come with a thermostat, you can easily add one and ensure your bike maintains temp whatever the weather. The Timbersled Thermostat installs easily in the cooling system. Learn more on page 21.

4

OIL

- **Timbersled 0W-40 Oil:** 2883483

The proper oil is critical for 4-stroke dirt bike engines. Snow bike engines experience significant temperature fluctuations, resulting in abnormal moisture build up. The Timbersled 0W-40 has been specifically engineered for the demands of a snow bike, and is a key to snow bike engine durability and performance. Learn more on page 35.

NEXT LEVEL ADD-ONS AND ACCESSORIES

Once you've built your snow bike with the essentials, riders ask what's next? What else can I add to enhance my riding setup? We've been doing this for over a decade and know that a few key Timbersled Engineered accessories will ensure you have the best experience on the snow. From performance and comfort to storage for all your gear, Timbersled Engineered accessories have you covered.

TIMBERSLED

ONLY THE RIGHT PARTS

(A) SEAT CONCEPTS ELEMENT SEATS

The ultimate tool for any off-road enthusiast. Whether you're an aggressive rider looking to get more traction along with unmatched comfort or fighting off a waterlogged seat in the summer and an ice block in the winter. The Element seat comes with four traction ribs at the rear to keep you firmly planted in the cockpit comprised entirely of our gripper material. Secondly, each Element seat comes seam sealed from the inside to prevent water from penetrating into the foam. We don't stop there, before the cover is installed each foam is covered with a thin water barrier as added protection from the elements. Rain...Snow...Mud or anywhere in between the Element seat is a must have for year-round use.

- Constructed using a proprietary foam material that is a much higher quality than OEM. Provides a more plush and active ride, while still offering the necessary support.
- Unique comfort shape maintains a similar contour to stock at the front of the seat so the rider's legs are not spread farther apart, but tapers out towards the mid-point to distribute rider weight over a greater area.

(B) CYCRA® BARK BUSTER HAND GUARDS 2889221

- Black anodized bars and white hand shields with custom Timbersled graphic
- Large area to accommodate hands and levers
- High quality injection molded enduro style hand shields
- Integrated composite bumper to protect Proabend bars
- Includes Powergrip bar end set and hardware to mount to either OEM bars or Timbersled heated bars (2884328)
- Includes Cycra® T2 style bar clamps for 1 1/8" handlebars
- Sold in pairs

(C) CYCRA® HAND SHIELDS 2889222

- Replacement white plastic hand shields for Cycra® Bark Buster Hand Guards
- Sold in pairs
- Does not include mounts

(D) HANDLEBAR GAUNTLETS 2883651

- Work hand in hand with aftermarket handguards you already have installed
- Can be used without handguards
- Made from compression-molded nylon
- Includes straps that can mount to your handguard shields
- Sewn in velcro straps can attach to outer bar on full-wrap handguards

(E) THERMOSTAT 2884180

- Fits a variety of makes and models
- Includes 180° thermostat and all necessary mounting hardware
- Works on most KTM, Husky, Yamaha, Honda and other dirt bikes. Kawasaki bikes require additional tubing length and sizing adapters that must be customer sourced

(F) RIGID® IGNITE SPOT LIGHT KIT 2889414

- Kit includes everything needed for installation: pair of Rigid® Ignite Series Spot Lights, harness, mounting brackets and related hardware
- Works great with the Number Plate Bag (sold separately)

KIT COMPONENTS

SPOT LIGHTS

- Light packs 1,000 raw lumens in a spot beam pattern to enhance visibility
- Durable, impact-resistant polycarbonate lens
- 50,000 hour lifespan
- Dimensions: 1.4" x 1.4" x 2"
- Includes 2 lights

LIGHT KIT BRACKET

- Includes two light brackets, bolts and spacers
- Features integrated tie down mounts

LIGHT KIT WIRING HARNESS

- Fused connection to battery
- Harness features additional SAE® connection that can be used with a battery tender while storing or additional electrical accessories while riding

TIMBERSLED C3 ACCESSORIES

BY RIDERS, FOR RIDERS. Even more ways to customize your Timbersled - and make sure it's performing at its best - with C3 Powersports Accessories. C3 Powersports is an industry leader in snow bike accessories, designed by riders, for riders, to help make the snowbiking experience the best it can be.

(A) NEW C3® BAR RISERS

- Attain the reactive, neutral posture that snowbiking demands
- Sturdy and lightweight - better than spacers
- 0.2" horizontal offset allows flexibility with ergonomics and reach distance
- Tall and Mid heights are approx. 2.5" and 1.25" higher than stock, respectively
- Note: Fit Kit not required for pre-2023 KTM

TALL-BLACK BASE ASSY. **2890791**
MID-BLACK BASE ASSY. **2890792**
LO-BLACK BASE ASSY. **2890793**

(D) NEW C3® QDT BASH GUARD

BLACK **2890812**

- Co-developed with Timbersled and C3
- Extra protection to the QDT system, fits over the QDT cover
- Rock-solid CNC-machined billet construction
- Smooth design to reduce snow drag

(E) NEW C3® BACKCOUNTRY FOOTPEGS

- Oversized - platform is ~ 4" x 2.25", aiding comfort and control even with bulky snow boots
- Massive pocket, custom tooth profile, and angled surfaces throughout - there is zero place on these where snow/ice/mud could build up and hamper your grip, even if you tried
- Billet aircraft aluminum - the most optimal blend of strength and lightness available, anodized in custom colors

(F) NEW C3® STEALTH UNDER FENDER BAG

BLACK **2890811**

- "High & dry" storage in the empty space under your fender. It's the perfect size for lightweight items such as extra gloves, spare belt, tow strap
- Front & Rear Fender Compatible

(G) NEW C3® SNOWBIKE AIR INTAKE KIT

- Ensure the engine can "breathe" in any snow conditions - one of the most vital additions to any snowbike
- Water resistant and light weight - low-restriction cold-air intake system provides improved throttle response

TIMBERSLED GIANT LOOP ACCESSORIES

GO LIGHT. GO FAST. GO FAR. Timbersled partners up with Giant Loop to provide even more storage options for our riders. Giant Loop Storage bags are purpose-built to enhance the riding experience with year-round versatility. Keep your gear secure and dry with premium, lightweight materials, and an integrated design.

(A) GL REVELSTOKE DRY BAG™ 2889753

The Revelstoke is Giant Loop's crossover roll-top dry bag that works on multiple vehicle types due to its versatile small rectangular shape that mounts to virtually any motorcycle, snowmobile, snowbike, UTV, or ATV for quick and easy access to gear.

With its 100% waterproof, mudproof, dustproof, and snowproof design, the Revelstoke delivers 16 liters of storage in a slim, trim profile. Ideal for carrying trail essentials such as extra layers, emergency supplies, snacks, tools, and other small items.

CAPACITY
16
LITERS

INSTALL
EASY

(B) GL TANK BUCKIN ROLL 2889757

A slim, trim, minimalist tank bag designed to keep essentials close at hand while out of the way when riding the most technical singletrack. This easy-to-mount tank bag features fully welded construction with waterproof coated materials and provides 1.5 liters of packable volume for carrying a smartphone, wallet, snacks, smaller tools, or an extra pair of gloves.

An integrated clear smartphone pocket in the lid with electronics cable pass-through enables on-bike charging and power inside the bag. For those searching for the perfect tank bag for aggressive trail riding where quick, easy access to items is a priority, the Buckin' Roll is the ideal choice.

CAPACITY
1.5
LITERS

INSTALL
EASY

(D) GL FENDER BAG 2889754

Possibly the ONLY waterproof, dustproof, mudproof, snowproof Fender Bag + Number Plate Bag available today, Giant Loop's adventure proof version offers secure connections for most dirt bike plastics. When properly installed, it's there to stay no matter what! Sized to fit a full length set of tire irons and other relatively small, lightweight essentials, such as spare inner tube, CO₂ inflator, spare gloves, etc.

CAPACITY
3.5
LITERS

INSTALL
EASY

(E) POSSIBLES POUCH™ 2889755

Giant Loop's 100% waterproof, dustproof, mudproof roll-top Possibles Pouch makes external pockets for MoJavi Saddlebag, Coyote Saddlebag, Great Basin Saddlebag and MotoTrekk Panniers. With 3.5-liters of packable volume — enough capacity for a full set of tire irons, a spare tube, compressor, tools, gloves or other small essentials. Possible Pouches secure to engine guards (KTM 1090/1190/1290 Adventure and many others) with included webbing straps. Perfect for off-the-bike adventures too — paddlesports, rafting, kayaking, SUPs! Add Giant Loop's bolt-on Tail Rack for an instant trail riding solution that gets the weight off your body and onto the bike for improved performance and less fatigue.

CAPACITY
3.5
LITERS

INSTALL
EASY

(F) GL ZIG ZAG HANDLEBAR BAG 2889758

Our smallest bag yet — Giant Loop's Zigzag Handlebar Bag is the off-road glove box! Sometimes you only need the bare bones basics — wallet, phone, registration/insurance cards and other small items.

CAPACITY
1.5
LITERS

INSTALL
EASY

(G) GL PRONGHORN STRAPS™ 18" Pair 2889759

25" Pair 2889760

32" Pair 2889761

Giant Loop's Pronghorn Straps feature: Stamped aluminum buckles, length indicated on strap, arrows line up for easy fastening, metal buckle sheathed for scratch protection, buckle prong holds strap in place for pre-fitting and easy chaining together of straps. Color coded by length. Every motorcyclist, sledhead, snow biker, 4x4er and ATV/UTV/SXSer needs a handful of these multi-purpose, stretch polyurethane straps with virtually unbreakable fasteners. You'll find a million uses for these quick, solid, tough straps.

INSTALL
EASY

(C) GL MOJAVI SADDLEBAG W/MOUNT 2889756

The MoJavi is a rackless, rugged saddlebag designed to transport the essentials on aggressive, off-road rides by carrying gear on your bike, not in a backpack. With its slim, trim design, the MoJavi is ideal for inner tubes, tools, fluids, and other save-a-ride necessities while on a day trip or trail ride.

Take a load off and improve rider endurance and comfort by transferring weight from a backpack to your motorcycle with the rackless MoJavi Saddlebag Motorcycle Luggage System. Adventure Proof, sewn construction uses rugged materials and resists water, mud, snow and dust. Straps on and stays on — no matter what.

13
LITERS

(E) SUB-FRAME BAG 2884691

- Quick attach system allows for easier installation and removal, along with increased longevity in cold weather
- Safely store your belongings in this Sub-frame bag
- Attaches onto the sub-frame extrusion of the ARO chassis
- Completely waterproof, fully waterproof seam welded liner, with a roll-top design as well as molded bottom
- Fits all ARO 2018-2022, ARO 137 2023
- Does not work with RIOT or Mountain Horse Models

CAPACITY
7
LITERS

CruzTOOLS®

(F) CRUZ TOOLS® 2889281

This extensive tool kit has all of the tools you might need to fix your kit or bike when you're out riding. Designed to work with TimberSled Tool Roll Bag (2883652) sold separate or kitted (3880053).

- 1/4" Drive Mini Ratchet
- 1/4" Drive Travel T-Handle (T-Bar with 6" extension)
- 1/4" Drive 2" Extension
- 1/4" Drive Sockets: 6mm, 8mm, 10mm, 12mm, 13mm
- 3/8" Drive Sockets: 15mm, 16mm, 17mm
- 1/4" to 3/8" Drive Adapter
- Combo Wrenches: 8mm, 12mm, 14mm, 15mm, 16mm
- Stubby Combo Wrenches: 10mm, 13mm
- 8" Adjustable Wrench
- Pliers: 6" Needle Nose with wire cutters & 5" Locking Pliers
- Torx Keys: T20, T25, T27, T30, T40, T45
- Hex Keys: 2.5mm, 3mm, 4mm, 5mm, 6mm, 1/4"
- 6-in-1 Screwdriver
- Fuses: 10 amp ATM, 10 amp ATC
- Zip Ties: 6", 8"
- Travel Duct Tape & Mechanics Wire
- Loctite® 242 (Medium) Mini Tube

(G) CRUZ® TOOL KIT WITH TOOL ROLL BAG 3880053

- Bag features 16 differently sized compartments
- Includes Cruz Tools® shown above

(H) TOOL ROLL BAG 2883652

- 16 differently sized compartments
- Provides plenty of room to store and organize your tools
- Designed with flaps to cover your tools while you work
- Fits perfectly in our sub-frame bag and small drybag
- Includes reflective stitching for increased visibility
- Tools sold separately

TIMBERSLED NAVIGATION

(A) VOYAGER PRO GPS GAUGE

- Rugged Off-Road GPS with 4" Color Touch Screen
- Pre-loaded Color Topo Maps + RIDE COMMAND for Trail Tech
- Bluetooth Media Control
- Group Ride "Buddy Tracking"

(B) VOYAGER GAUGE

- Allows you to create, log and ride trails
- Monitor the engine temperature, ambient temperature, distance, voltage, compass, elevation and engine RPM
- 2.7" screen uses most up-to-date technology for amazing viewing

(C) VOYAGER DASH MOUNT

- Mount designed to fit the Trail Tech Voyager and Voyager Pro gauges,
- Strong durable aluminum and powder coated
- Comes with all necessary hardware to attach to your bike
- Large version includes provisions for mountain accessory lights and the Voyageur Pro

Large Dash Mount: 2883659

Small Dash Mount: 2883058

VISIT TRAILTECH.NET TO LEARN MORE ABOUT THE COMPLETE LINE OF DIGITAL GAUGES AND ACCESSORIES FOR SNOW VEHICLES

TIMBERSLED JUMP PACKS

(D) JUMP PACK 2830547

- 1,000 Amp Ultra-safe Lithium Jump Starter
- Portable lithium-ion battery jump starter pack that delivers 1,000-amps for jump starting a dead battery in seconds.

(E) JUMP PACK PROTECTION CASE 2830548

- Lightweight, durable, and rugged custom exterior that offers protection from moisture, impact, dust, and environmental factors.

(F) JUMP PACK EXTENDER 2830546

- Jump pack extender gives easier access to your battery if a jump is needed
- Connects directly to the battery itself
- Not necessary to remove your seat using this extender
- Compatible with Jump Pack (2830547)

(G) NOCO BATTERY CHARGER 1 & 2 AMP

1 Amp 2830567

2 Amp 2830568

- Compatible with marine, automotive and deep-cycle batteries that are flooded, gel, AGM, and maintenance-free, plus lithium-ion batteries
- A fully-automatic, worry-free battery charger for everyday use - 24/7 - with zero overcharge, an integrated thermal sensor detects the ambient temperature and alters the charge to eliminate over-charging in hot climates and under-charging in cold climates.
- Restore your battery - Automatically detects sulfation and acid stratification to restore lost performance for stronger engine starts and extended battery life.
- Includes Boost Eyelet Cable with X-Connector Adapter - 2830546
- Compatible with Polaris vehicles with or without easy-access charging port.

TIMBERSLED AVALANCHE SAFETY

(H) PIEPS® PRO BT 2884161

- Optimum circular receiving range, 600-hour battery life and PIEPS® App connectivity designed for all mountain pros.

(I) PIEPS® POWDER BT 2883676

- High performance circular receiving range, 300-hour battery life and PIEPS® App connectivity.

(J) PIEPS® IPROBE BT 2884969

- Optical and acoustic signal indicates an electronic "hit" within a 1m diameter to eliminate near misses and false strikes when probing, saving valuable time during a rescue.

(K) PIEPS® SHOVEL T 825 PRO+ WITH SAW 2883680

- The PIEPS SHOVEL T825 pro+ with integrated snow saw and extra-large blade is perfect for snow layering analysis and bivouac building.

RIDE SAFELY TODAY SO YOU CAN RIDE SAFELY TOMORROW.

Polaris is proud to partner with PIEPS®, the world's foremost authority in snowmobile avalanche safety equipment. Designed with riders in mind, PIEPS® has over 45 years of experience in developing and testing the absolute best in avalanche airbag, beacon, probe and related safety technologies. Ride with confidence knowing you have state-of-the-art equipment and the skills to face a backcountry emergency.

(L) PIEPS® JETFORCE BT

BT10 Black 2883672

BT25 Black 2883673

BT35 Black 2884311

ADVANCED LIGHTWEIGHT PERFORMANCE LOADED WITH TECHNOLOGY

Smartphone updates and Bluetooth® connectivity, automatic airbag deflation and modular booster system adapt to your riding needs.

- Digital, lithium-ion-powered turbine fan system allows for practice deployments at home
- Quickly and conveniently recharge with micro-USB
- Integrated self-diagnostic lights inform when pack is ready or requires charging
- Deployment handle can be located on the left or right for rider-preference control
- Available in 10l, 25l and 35l capacities for riding essentials
- Adjustable hip belt and leg loop ensure packs stay secure while riding

JetForce BT Exclusive Extras

- Automatic deflation sequence creates an air pocket under the snow
- Update software with Bluetooth® connectivity and PIEPS® app
- Customize pack's capacity with interchangeable booster in 10l, 25l or 35l (sold separately)

INTERCHANGEABLE BOOSTER:

Customize your pack capacity and color

Booster Color	BT10	BT25	BT35
Chili Red	2884313	2884316	2884319
Sky Blue	2884314	2884317	2884320
Black	2884315	2884318	2884321

(M) PIEPS® JETFORCE SC 2883674

BEST-SELLING PERFORMANCE WITH SUPERCAPACITOR SYSTEM

Features Alpride E1 supercapacitor airbag technology. Cartridge-free system is compact, easy to use and charges in under 60 minutes—even while riding.

- Supercapacitor powered fan system allows for convenient practice deployments
- Quickly and conveniently recharge with micro-USB or AA batteries
- Self-diagnostic lights inform when pack is ready or requires charging
- Deployment handle can be located on the left or right for rider-preference control
- Easy-access safety pocket for shovel blade, handle and probe
- Convenient 20l internal compartment holds riding essentials
- Adjustable hip belt and leg loop ensure packs stay secure while riding

FOR ADDITIONAL AVALANCHE SAFETY PRODUCT INFORMATION VISIT: TIMBERSLED.COM/SNOWSAFETY

TIMBERSLED TRANSPORTATION

(A) PIVOT DOLLY 2889066

- Easily maneuver or load your bike whenever you need to
- Install included spindle across shaft using 2 bolts and pre-drilled holes on your ARO or RIOT spindle
- Can attach within seconds
- Easy to use
- Unique pivot system allows locking in a stable position
- Unlock for more maneuverability
- Made of powder-coated steel
- Does Not Work With Mountain Horse Spindle

(B) ALL SPORT RAMP PRO 2882594

- Transport your Timbersled® with any pickup with our All Sport Ramp Pro
- Designed in coordination with snowmobile transport experts
- Bi-fold aluminum and composite ramp weighs just 52lbs.
- Can support up to 1500 lbs.
- The aluminum surface is "decked" with Caliber's® exclusive Low Pro Grip Glides providing a slippery surface for the ski to glide on, but plenty of traction for the track and your boots "walk-up" the incline

(C) CANVAS COVERS

- Available in both 120 in. and 129/137 in. lengths
- Each cover is custom cut and sewn for a snug fit
- Gas Cap Access allows you to fill without uncovering bikes
- Durable material features a UV coating and provides rugged protection from rain, sleet, snow, road grime and more
- Large Velcro®-secured openings allow tie-down straps to pass through cover

120 2882587
129/137 2882588

POLARIS TIMBERSLED Tip

HOW DO YOU TRAVEL?

Whether you're unloading for your first time at the trail head or you've done it a hundred times, we're all about sharing our experiences to help give you the best day. Nobody wants to have a problem in the backcountry, but it always helps to be prepared. Watch for these Timbersled Tips, and learn how our Athletes, Ambassadors, Test Riders, Engineers go prepared.

TSLED TRAVEL ESSENTIALS:

- PIVOT DOLLY
- LOADING RAMP
- COVERS

(D) QUICK COVER 2883649

- Keep your cargo protected from road grime, bugs, rain, snow and sleet
- Thick and durable
- Easy to install
- No more scrubbing bugs and road grime off your bike
- Canvas material

TIMBERSLED BOLT-ON PERFORMANCE

(A) TRIO FRONT SHOCK

TRIO FRONT SHOCK 2883316

TRIO S FRONT SHOCK 2889245

- Offers improved performance, handling and control as well as a smoother, more comfortable ride
- Provides the correct spring rate and dampening required for all terrains
- Supplemental front shock bolts directly to the Timbersled ARO/Timbersled RIOT spindle and dirt bike with the installation kit (sold separately)
- This patented accessory works with all snow bike kits once upgraded to the Timbersled ARO spindle/ski

(B) TIMBERSLED TRIO MOUNT KIT

KTM/HUSQVARNA® 2889246

HONDA® 2889247

YAMAHA® 2889248

KAWASAKI® 2889249

BETA 2883725

SHERCO 2889572

- Required for quick & easy TRIO Front Shock installation

PRE-FILTERS FOR BIKES WITH STOCK AIRBOXES

(C) OUTERWEARS PRE-FILTER

- Keeps out larger particles of debris
- Filters out particles as small as .005"
- Installs over the airbox cage inside stock airbox

UNIVERSAL PREFILTER 2882641

- OuterWears part number 20-1209-01
- Shown in picture
- Fits Late Model Kawasaki and Suzuki
- Fits most older dirt bikes with single center bolt in air filter

HONDA PREFILTER 2884633

- OuterWears part number 20-3192
- Fits 2017-2020 CRF450R, X and RX models
- Fits 2022 CRF450RS

KTM / HUSQVARNA / GASGAS PREFILTER 2884635

- OuterWears part number 20-3198
- Fits Most All 2016-2022
- KTM: SX-F, XC-F, XCW, EXC
- Husqvarna: FX, FE, FC, TX, TE, TC
- GasGas: MC, EC, EX

YAMAHA PREFILTER 2884638

- OuterWears part number 20-3205
- Fits 2018-2022 YZ450F
- Fits 2019-2022 WR450F

YAMAHA PREFILTER 2884636

- OuterWears part number 20-3206
- Fits 2010-2017 YZ450F
- Fits 2016-2018 WR450R

(E) REKLUSE RADIUS

- Prevents engine stalls
- Increased power transfer over OEM
- New internal adjuster with revised pressure plate design provides improved lever performance
- Option to adjust installed gap internally or externally
- Fully tunable to suit rider and/or terrain
- Longer clutch pack life with less adjustment over time
- Proprietary billet components offer superior durability
- Cooler operating temperatures and incredibly efficient clutching provides extended clutch life

Honda CRF450R/RX: 2017-18: 2883094 (RMS-7901009)

KTM / Husky / GasGas 450 MX Bikes: 2018-22: 2883105 (RMS-7913098)

KTM / Husky 450/500 Enduro Bikes: 2017-22: 2883100 (RMS-7913080)

Yamaha YZ450: 2018-22: 2883099 (RMS-7907076)

Kawasaki KX450F: 2008-17: 2883097 (RMS-7904044)

Other bike fitment available online. Confirm correct fitment at www.Timbersled.com or ReKluse.com

(D) TIMBERSLED QUICKDRIVE KIT (QDT)

2889797 Fits ALL ARO and RIOT 2018 to Current

QuickDrive for Timbersled provides riders with the most durable belt drive system in the industry. Delivering top performance featuring hardened steel sprockets, a quicker spool for faster power delivery and 48% reduction in inertia.

Shown Assembled

(F) TSS QSL UNIVERSAL

TIMBERSLED ARO/ TIMBERSLED RIOT: 2884797

MOUNTAIN HORSE: 2889240

- Quick Switch Lockout feature
- New internal geometry designed specifically for Timbersled ARO/ Timbersled RIOT requires less air pressure
- Improved damping and rebound control
- Infinitely adjustable air pressure for rider weight
- Comes with all components to fit all lengths required for any install kit (see fitment table for suggested lengths)
- Stronger and more durable trunnion ball joint (Timbersled ARO/ Timbersled RIOT only)

AIR INTAKE FOR BIKES WITH TSS SUSPENSION

REQUIRED FOR
MOUNTAIN HORSE
TSS FITMENT
*Not required, but recommended
for ARO TSS fitment

(G) TSS AIR INTAKE 2882639

- Better breathability in deep powder snow
- Remove air box and replace with TSS intake to keep bike running better in cold dry snow

INCLUDES:
(2207146) Filter-Pre Air Intake TSS
(2207147) Hose-Air Filter Base TSS
(2207148) Coupler-Air TSS

INDIVIDUAL REPLACEMENT PARTS

FILTER-PRE AIR INTAKE TSS 2207146

REQUIRED FOR MOUNTAIN HORSE TSS FITMENT
*Not required, but recommended for ARO TSS fitment

TIMBERSLED
SKIS & SKAGS

(A) TIMBERSLED ARO TRAVERSE SKI

- Ideal grip and precise handling
 - Includes ski only. Does not include skag or ski hoop.
- WHITE 2889413-133
RED 2889413-293

(B) TIMBERSLED SKI HOOP

- Update your ski hoop to match your Timbersled kit
- WHITE 2883228-133
RED 2883228-293
BLACK 2883228-458

(C) ARO TRAVERSE SKI & SPINDLE KIT
2883418

- Enhance the performance of your snowbike
- Aggressive tri-keel shape
- Ideal grip and precise handling
- Engineered specifically for the ARO Ski, and together, they are needed to mount the TRIO System (required)
- Can also work on all Snowbikes for maximum versatility

(D) ARO TRAVERSE SKI REPLACEMENT SKAGS

- Replacement Skags
- CENTER 1825004-329
LEFT 1824919-329
RIGHT 1824920-329
OUTER NUTS (QTY: 4) 7547332
CENTER NUTS (QTY: 2) 7547423

(E) STUD BOY® DEUCE CENTER SKAG 2884022

- Optimize steering control
- Features 2 rows of cutting carbide
- Recommended with Timbersled Traverse Ski™, ARO Traverse Ski & Spindle Kit - 2883418
- Does Not Work With Mountain Horse Ski

(F) LOWERING KIT

TIMBERSLED ARO: 2884229
TIMBERSLED RIOT: 2889433

- This kit lowers your standard Timbersled up to 3" offering you unbeatable agility and confidence. The lower center of gravity creates a balanced, easy to ride snow bike. The 3" lower seat height of this Kit enables you to shred the mountains, trails, and meadows with agility.
- Kit lowers your standard Timbersled up to 3"
 - Improves confidence and control
 - Agile and responsive steering and handling

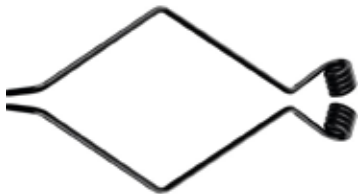

Kit lowers standard Timbersled ARO or Timbersled RIOT up to 3".
S models come stock with these parts.

(G) RAIL TIP WHEEL KIT 2885175

- The Rail Tip Wheel Kit was developed to lessen the chance of a track stabbing event if the track is not adjusted to specifications required, the track impacts a foreign object or when riding in low snow conditions.
- Fits all 2018-22 Timbersled ARO, all 2020 Timbersled RIOT, 2023 Timbersled ARO Sport, and 2023 Timbersled ARO 137

(Kit comes standard on 2021-22 Timbersled RIOT)

(H) ICE SCRATCHERS

ARO 2883284
MTN. HORSE 2882596

- Fastens to the rails to throw ice chips into suspension
- Drag in the snow along skid frame, providing lubrication to the hi-fax

(I) FULL SYNTHETIC 0W-40
4-STROKE ENGINE OIL
2883483

- 100% PAO and Ester full-synthetic base stock formula resists shear and protects in extreme conditions
- 0W-40 formula offers easy starting in extreme cold
- Optimized clutch additives help prevent slippage and glazing
- Meets JASO MA/MA2FULL
- Advanced moisture control additives protects engine from wear and corrosion
- The only oil specifically engineered for 4-stroke Snow Bikes
- 4X more corrosion protection

(J) CHAIN LUBRICANT 2889461

- Designed for Timbersled drive chain
- Excellent cold weather performance and protection
- Wax-style lubricant displaces moisture and protects against rust and corrosion
- Protects from friction and wear to extend life of chain and sprockets
- Safe to use on all X, Z, and O-ring chains
