adventurerers

SNOW

Keep track of
your ride group
in the snow

ADVENTURE BEGINS HERE.

MAP SCREEN

GROUP RIDE keeps your buddies on the screen. Color maps with topo and hillshading. Plan and record entire trail systems with tracks and Geo-referenced files.

MEDIA SCREEN

Listen to audio from your paired phone or MicroSD card, access phone dialing, call history and messaging features. Headset compatible.

GAUGE SCREENS

The tachbar, instrument cluster, and user screens show vehicle sensor information like speed, temperature, distance, elevation and voltage.

VOYAGER_{PRO}

THE CONNECTED RIDER'S GPS

WHAT IS GROUP RIDE?

- ▶ The patent pending GROUP RIDE technology allows you to track up to 20 ride buddies as icons on your map screen.
- ▶ View your buddies from .5 to 2 miles (rider to rider extends the range).
GROUP RIDE uses radio signals, no cell service required.
- ▶ You will adventure with confidence, knowing your group is accounted for.
- ▶ GROUP RIDE is a game changer, improving the quality of the riding experience by ensuring complete connectivity and the best ride possible.
